Fishing's Premiere Rod & Reel Protectors

ROD-BAGS.COM

NEOPRENE SERIES

The [Neoprene Series](#) rod and reel covers are designed for conventional, spinning, baitcaster and electric rod and reel combinations. Made from high density neoprene, the same material that wetsuits are made from, these custom fit rod and reel bags protect your valuable gear against damage from impacts and water spray while traveling in the cockpit, stacked in a bunk or gear locker or during transport to and from your boat.

[Click Picture To Enlarge](#)

- Made from high-density neoprene which provides a durable and flexible protective covering.
- Excellent protection against damage from impacts and water spray.
- [Custom-fit](#) to accommodate various styles and classes of rods and reels, ensuring a snug fit and maximum protection.
- All-encompassing design provides comprehensive protection for both your rod and reel in one single, convenient cover.
- Adjustable length to accommodate various rod lengths.
- Patch-It™ hook and loop system is fully customizable logo patch built in.
