My First Christmas Gift for family & friends

What better way to decorate the Christmas tree than with a gorgeous personalised Christmas ornament with your child's hand or footprints. The white gloss porcelain ornament includes a loop of gold thread making the ornament ready to hang.

While your child's footprints appears on one side, a personal message can be printed on the other side as a lasting and treasured memento of baby's first Christmas. Ornament shapes include star, heart or circle shapes and you can visit the studio or use the DIY Inkless Print Kit that is 100% safe, easy to use and uses the revolutionary invisible ink process as used across maternity hospitals in the US. No ink, No paint & No mess or tears.

The 'Happily Ever After' Gift

The time-honoured stories of Snow White and the Seven Dwarfs, Cinderella and Beauty and the Beast will spring from the storybooks and onto the stage in Disney Live! presents Three Classic Fairy Tales, these summer holidays.

The enchanted journey starts when Mickey Mouse, Minnie Mouse, Donald and Goofy find a magical storybook hidden among a treasure trove of costumes and belongings from classic Disney tales. The iconic objects lead them to three classic stories of 'happily ever after' featuring Snow White, Cinderella and Beauty and the Beast. Along the way, the audience is invited to join in on the fun by solving clues, clapping along and singing songs as the stories unfold before their eyes.
