SECTION 5: FIRE FIGHTING MEASURES

General Information: As in any fire, wear a self-contained breathing apparatus in pressure demand and full protective gear. During a fire, irritating and toxic gases may be generated by thermal decomposition or combustion.

Extinguishing Media: Use water spray, dry chemical carbon dioxide or appropriate foam.

Protective equipment and precautions for firefighters: During all firefighting activities, wear appropriate protective equipment, including self-contained breathing apparatus and full protective clothing.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures:

No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment.

For emergency responders:

If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials.

Environmental precautions:

Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods and materials for containment and cleaning up:

Small spill: Stop leak if without risk. Move containers from spill area. Vacuum or sweep up material and place in a designated, labeled waste container.

Large spill: Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor.

See Section 8 for information on appropriate personal protective equipment.

See section 13 for waste disposal information.

SECTION 7: HANDLING AND STORAGE

Store as per good hygiene practices. To maintain shelf life, avoid prolonged exposure to high or low temperatures and humidity. Store in cool and dry place. Do not freeze.

SECTION 8: EXPOSURE CONTROL AND PERSONAL PROTECTION

Personal Protective Equipment

Eyes: Not required under normal use of this product. Wear appropriate protective eyeglasses or goggles and face protection if eye contact is possible.

Skin: Not required under normal use of this product. Wear appropriate protective clothing when working with large quantities to prevent skin exposure.

Respirators: Not required under normal use of the product. Respiratory protection may be required if excessive airborne contamination occurs.

Work/Hygienic Practices: Normal hygienic practices.

SECTION 9: PHYSICAL/CHEMICAL CHARACTERISTICS

Physical State	: Solid
Appearance	: Light brown color round shaped, flat on both sides, uncoated tablet
Odor	: Characteristics
Solubility in Water	: Soluble in water
pH	: 5.29 (1 tablet in 200 ml of normal water)
Relative density	: N/A
Vapor Pressure	: N/A
Melting Point	: N/A
Vapor Density	: N/A
Evaporation Rate	: N/A

SECTION 10: STABILITY AND REACTIVITY

Reactivity: There are no known reactivity hazards associated with this product.

Chemical Stability: Stable under normal temperatures and pressures.

Conditions to Avoid: Strong acids or alkali compounds

Incompatible Materials: Not known

Hazardous Decomposition / byproducts: N/A

Hazardous Polymerization: Will not occur.

SECTION 11: TOXICOLOGY INFORMATION

None

SECTION 12: ECOLOGICAL INFORMATION

Natural ingredient extracted from plant hence biodegradable, non-pollutant, non-hazardous, non-dangerous and non-explosive material.

SECTION 13: DISPOSAL INFORMATION

Disposal Procedures: Dispose of product and contaminated packaging in accordance with all local, state, environmental control regulations.

SECTION 14: TRANSPORT INFORMATION

This material is not classified as hazardous for transport.

SECTION 15: REGULATORY INFORMATION

None

SECTION 16: ADDITIONAL INFORMATION

Disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.
