CURATED BY LIFEBYLEANNA

a message from leanna

“I am honored to work with Decor Steals to curate this year’s Fall Steal It Box! Together, we carefully designed and selected items that create a cozy & inviting home while keeping a budget in mind!

This season I wanted to celebrate the start of fall with rich tones & cozy vibes. This beautiful fall box, sets the mood for all things fall, but also it was important for me to include a few items that can be used all year round. I know everyone has different decor styles, so I wanted to be sure these pieces would blend seamlessly into all homes. My goal with this box was to bring the magic of fall in with touches of wood pieces, colorful botanicals, copper & gold accents.”

PAMPAS STEMS

RUST COLORED NATURAL

pampas stems

The essence of fall is captured by beautiful bright color changes all around us. What better way to add a pop of color to your space than with full body, rich pigmented, rust pampas stems. We wanted to bring you “not your average” fall foliage to light up any area in your home.

Handpicked and carefully selected to offer you the highest quality, these six long-lasting natural stems offer a unique elegance for your space. Simply place in your favorite vase.

Dimensions: Approximately 26” H. Extend the life of these pampas by not exposing to direct sun on a regular basis, after you initially expose to make fluffier.

PAMPAS STEMS

► STYLE TIP

Fluff your pampas grass by shaking it a little outdoors to remove excessive fluff before placing in your favorite vase. Preserved pampas expands under the sun. Leave these stems exposed to direct sunlight for 2-3 hours and watch them transform to their full fluffiness. You can also use a hair dryer on low. You can use hairspray for better hold and less shedding of the pampas grass and leave it untouched as a feather decor.
