

CATALOG

Embroidery Apparel

This is a selection of products we recommend to get you started. We have access to endless options and are happy to help fill specific requests. See our brands page for a more comprehensive list of the brands we carry.

There are no minimums (except screen printing) and pricing in the catalog is BEFORE embroidery.

Embroidery pricing is \$1.50/1,000 stitches on items purchased through Horseplay and \$2.00/1,000 stitches on outside items.

Once we have your logo and item selections we can give you quote before setting up your barn shop.

We love being creative and look forward to setting up a personalized shop that your customers will love.
