Our Story

LIT ZIT was established from a passion for transformative skincare. Founded by a team of skincare enthusiasts and experts, we were inspired by our own personal struggles with acne. We envisioned a solution that harnesses the power of light to tackle acne head-on. After years of research and development, we've perfected a range of cutting-edge light therapy products that deliver real results, without compromising on quality or safety.

Our Innovation

At **LIT ZIT**, we're fueled by innovation and rigorous scientific inquiry. Our team has pioneered a groundbreaking line of light therapy products that combat acne at its core. By harnessing the gentle yet potent power of blue and red light, we've created a solution that unveils radiant, blemish-free skin, free from harsh chemicals and unwelcome side effects. We are at the forefront of skincare technology, constantly pushing boundaries to deliver revolutionary products that offer real results.

Our Transformation

Experience the transformation to radiant skin with **LIT ZIT**. Our light therapy devices are designed to integrate seamlessly into your skincare routine, turning acne treatment into a luxurious ritual of self-care and empowerment. Enjoy a blissful moment of relaxation and rejuvenation as you embark on your path to luminous beauty.

Our Mission

Our mission at **LIT ZIT** is to transform the way you approach acne treatment and skincare. We are committed to delivering science-backed solutions that not only target acne at its source but also nurture and rejuvenate your skin for long-term health and vitality.

Our light therapy products are **FDA-cleared** class 2 device, ensuring the highest standards of safety and efficacy, and trusted for use in healthcare.

Medically Approved: Our products medically approved and undergo rigorous testing and quality control measures to guarantee the safety and efficacy for everyone.

Join us on this journey to discover
your true radiance with **LIT ZIT**.
Because everyone deserves to shine.

Our Promise

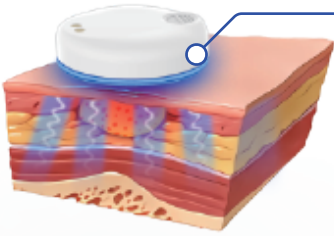

When you choose **LIT ZIT**, you're not just using our products – you're investing in your confidence, well-being, and journey to clearer, healthier skin. With LIT ZIT by your side, the path to radiant skin is brighter than ever before.

Skin Anatomy and Acne Solution

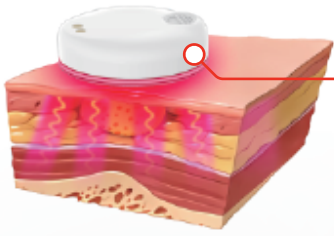

Lit Zit patches reduce pimples by absorbing excess fluid, protecting the skin, and delivering active ingredients to speed up the healing process.

Lit Zit Blue:

Blue light at **415nm** is effective for targeting and killing the bacteria (*Propionibacterium acnes*) that contribute to acne.

Lit Zit Red:

Red light at **630nm** reduces inflammation, promotes healing, and stimulates collagen production. It helps reduce redness and inflammation associated with acne.

Skin Science & Results

Scientific backing clinical studies or dermatologist endorsements

Light Therapy Patch

Light Therapy Patch

Power Intensity and Treatment Effectiveness

IRRADIANCE	30 mW/cm ²
GENERAL CONSENSUS	Effective acne treatment using light therapy typically involves irradiance level of 30 mW/cm ² as per clinical studies. An irradiance of 30 mW/cm ² is perfect to treat acne and is considered suitable for therapeutic effects.
ENERGY DELIVERY	The energy delivered to the skin (fluence) is a product of irradiance and exposure time. Adequate energy delivery is essential for achieving the desired therapeutic effects.
TREATMENT TIME	3 Min Per Session (5.4 Joules/cm ² which is FDA cleared best for acne treatment and as per clinical studies).

Light Therapy Patch

Light Therapy Patch

Benefits of a 6 LED Light Therapy Patch:

- Concentrates the therapeutic effects where needed most, increasing treatment efficacy.
- Patches are typically lightweight, portable, and easy to use at home or on the go.
- Convenient for daily use without needing to visit a clinic, making consistent treatment more manageable.
- Long-term cost savings compared to other acne treatments, such as medications or professional light therapy sessions.
- Easy to incorporate into daily routines without significant time commitment.

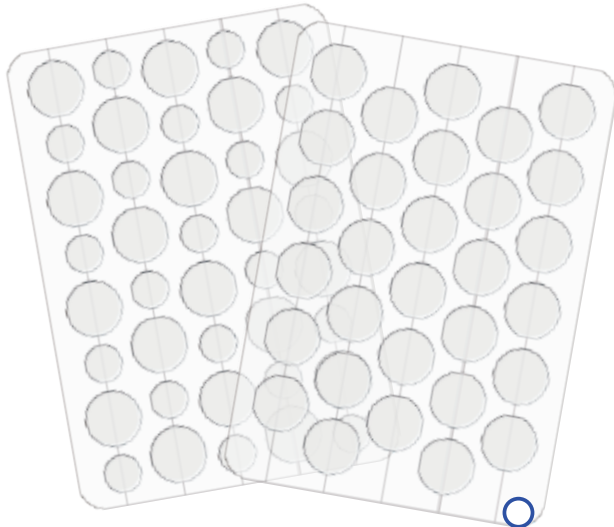

Acne Patch

Active Ingredients for Acne Treatment

TREE OIL (TEA TREE OIL)	Tea tree oil is a well-known antibacterial and anti-inflammatory agent that helps kill acne-causing bacteria (<i>Propionibacterium acnes</i>). It also reduces redness and swelling of inflamed acne (pustules, papules), helping clear the skin more quickly.
SALICYLIC ACID	Salicylic acid is a beta-hydroxy acid (BHA) that penetrates the pores to exfoliate dead skin cells, unclog pores, and reduce oil production. It is effective in treating blackheads, whiteheads, and inflammatory acne, helping prevent future breakouts.
MARIGOLD (CALENDULA)	Calendula is known for its anti-inflammatory and healing properties, making it ideal for soothing irritated skin. It helps reduce redness and swelling in acne-prone areas, while promoting the healing of acne lesions and minimizing the risk of scarring.

Pimple Patches

Pimple Patches

Ingredients:

Hydrocolloid, Salicylic Acid, Tea Tree Oil, Niacinamide, Hyaluronic Acid

Details:

- Designed to target and treat acne effectively.
- Helps reduce redness and inflammation.
- Promotes faster healing of pimples.
