

Breakfast Menu

LET US HELP

Dinner on the Table cooks quality, made from scratch meals, that are delicious, nutritious and delivered to your door. We cater for a large, small, formal, casual, sweet and savoury events. If you're after something specific, please don't hesitate to get in touch.

Dinner on the Table is a social enterprise. Women living with disability: those who have a disability themselves, or who care for someone with a disability, are also doing the daily juggle, often with far fewer resources and far greater challenges. This is why we use profit from the sale of our meals to gift dinners to families living with disability.
