

## VACUUM CHAMBER PACKING

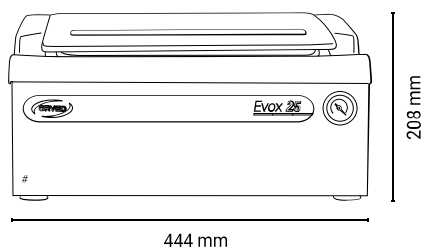

# Evox 25

The smallest vacuum chamber machine in the market, EVOX 25, is equipped with a precise vacuum sensor to ensure the best vacuum packaging. Evox 25, with a height of only 21 cm, is the most compact vacuum chamber machine; it can be installed in any business or kitchen characterized by small spaces.

It comes with a fully stainless steel body and a vacuum chamber equipped with "HIGH-FLEX" technology, to always guarantee the perfect vacuum in an ultra-resistant chamber and a long-lasting use.
