

# Installation Instructions

SKU: ACL024

*Dear user: Thank you for using this product. Please read the instructions carefully for installation.*

## Reminder:

1. When you receive the package, please check whether the packaging and lighting fixtures are damaged, whether there are any missing parts, and whether the installation position can withstand the weight of this lighting fixture or not.
2. Please don't install lighting fixtures in damp environments.
3. Please follow the steps below to assemble the lighting fixture and complete the installation.

## Installation steps:

1. Open the package and get all the necessary parts.
2. Fix the B canopy to the position you want to install on the ceiling with expansion plugs and screws.
3. Assemble the whole lamp. First insert the H part into the side hole and tighten it with a nut. Connect the wires by color, and then twist the I cover to lock it.
4. Ensure that the installation is fixed, then insert the F light source into the head and twist the G glass lampshade onto the head.
5. Turn on the power to test the lighting fixture.
