Thank you for considering products from the Turkstra Mill.

Turkstra Mill specializes in custom mouldings for private clients, contractors and industry customers.

We manufacture a complete line of high quality wood mouldings in pine, poplar, oak, maple and other species at our facility in Smithville, Ontario. We offer a wide range of profiles from the Turkstra Mill, including our exclusive series.

As a Mill, we specialize in custom wood mouldings and components. Our experienced staff can custom design or match profiles using our in-house knife cutting equipment and high precision moulders. We also maintain a comprehensive inventory of industry standard profiles, as shown in this catalogue. Whether it is working with architects, designers, builders or direct trades, we are pleased to provide solutions for any type of trim application.

Our Areas of Expertise Include:

- Standard and specialty profiles for custom homes
- Institutional products for commercial jobs and applications
- Components for cabinet makers and window manufacturers
- Matching historic profiles
- Designing custom profiles

Our Mill is fully integrated with our Trim and Door Division allowing us to provide you with a full range of products including:

- Wood Mouldings
- Polyurethane Mouldings
- Interior Doors
- Shaped Window Trims
- Locks & Hardware
- Columns
- Specialty items
- Finished Grade Plywoods

We look forward to serving all of your building and renovation needs.

Thank You,
Peter Turkstra
