

## In-Air Deodorizer

- Eliminates odors in closed spaces.
- Locates and destroys unidentifiable odor-causing agents
- Replaces lingering putrid aromas with a fresh, clean scent.
- Great for vehicles and homes.

### Why Choose Us?

SMT's ClO<sub>2</sub> formula is a reliable and environmentally-aware alternative to traditional odor-masking products. By selectively targeting substances at a molecular level, ClO<sub>2</sub> speedily destroys odor-causing substances without corroding surfaces or equipment. ClO<sub>2</sub> is extremely effective at low concentrations and leaves no residue.

### → Why This Product?

It releases a steady flow of ultra-pure chlorine dioxide gas that eradicates noxious odors in enclosed spaces.

### → Industry Usage

- Real Estate/Remediation
- Automotive and RV
- Marine, boats, and yachts

### → Easy to Use

Simply tear open the foil pouch, place the envelope in the provided cup and add water. Cup fits perfectly inside an automotive cup holder.
