

# SMALL TWIST. BIG TIME REVOLUTION.

# LOCKT™

QuickShim

## TWIST-TO-SHIM COLLARS

With our patented Twist-to-Shim collars you can quickly adjust a sagging door without having to re-shim or rehang it.

## ARCHITECTURAL GRADE

By building the shims into the leaf, we maintained the structural integrity and durability of the hinge.

## FIRE RATED

Enables you to maintain fire rating, because you won't need to shim with flammables like wood or paper.

## SAVE MONEY

Since Twist-to-Shim collars adjust with just a few twists, they square doors in a fraction of the time you'd take with a standard hinge, reducing maintenance costs.

## POPULAR CONFIGURATIONS

QuickShim™ is available in our most popular 5-knuckle ball-bearing design.

# NEVER GET STUCK UNSTICKING A DOOR, AGAIN.

QuickShim™ is tested to 2.5 million cycles for heavyweight hinges, making it as reliable as it is inventive. And thanks to our patented Twist-to-Shim collars, QuickShim also is the easiest-adjusting commercial hinge you'll find on the market.

Standard-weight hinges are intended for medium-weight doors with average frequency of use. Heavyweight hinges are intended for heavy doors and/or in areas of high traffic.

- Packed with screws, Twist-to-Shim collars and an adjustment tool for turning collars.
- All hinges have templated screw hole locations for use on either wood or hollow metal doors and frames.
- Equipped with permanently lubricated nondetachable ball bearings.
- Pins in nonferrous hinges are stainless steel.
- Hole in bottom tip for easy pin removal.
- Reversible flush tips and pins.
- All configurations ANSI and BHMA certified.
- Heavyweight hinges tested to 2.5 million cycles; standard weight tested to 1.5 million cycles.
- With nonremovable pins (optional).
- Right-handed or left-handed.

Description	Model	Size	Finish	Options	Handing
5-Knuckle, Ball Bearing	QKSFB168	4.5" x 4.5"	26D	NRP	LH or RH
	QKSFB179	4.5" x 4.5"	26D	NRP	LH or RH
	QKSFB191	4.5" x 4.5"	32D	NRP	LH or RH
	QKSFB199	4.5" x 4.5"	32D	NRP	LH or RH

TEST IT. LOVE IT.

**SPEC IT.**

QuickShim is not only ingenious, but we know it can save our customers time and make their work more efficient. See for yourself by placing your first order or contacting us for a demo — call 888-725-7446.
