ABOUT US

Welcome to Fun Squared Games!

We are a husband & wife team dedicated to creating puzzles and games that are easy to learn, irresistibly fun to play and cognitively stimulating for players of all ages. Inspired by our four amazing kids, our puzzles and games are designed to promote problem-solving skills, perseverance, independence and cognitive development during playtime.

We believe that all players (kids and adults) learn through and tremendously benefit from play.

We hope you enjoy our products and we look forward to working with you!
