FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

SAFETY INSTRUCTIONS

READ AND SAVE THESE INSTRUCTIONS

- Prior to using the appliance, read through the instructions for complete use and keep in a safe place for later reference.
- ⚠ **WARNING: DO NOT** use outdoors – this appliance is for indoor use only. Use only as intended and described in this manual.
- ⚠ **WARNING: DO NOT** expose or immerse in water or other liquids.
- This unit is only suitable for 12V AC electric source; the included AC Power Adaptor changes the input AC voltage from the wall outlet to 12V DC. ⚠ **WARNING: ONLY** use the Power Adaptor included. This product can only connect to the adaptor Model# MLF-A00061200500U0091 which the specification is INPUT 100-240V/50-60Hz 0.2Amax, OUTPUT 12V/0.5ADC
- Before using the appliance, extend the Power Adaptor cord and inspect for any signs of damage. ⚠ **WARNING: DO NOT** use if cord or Power Adaptor has been damaged.
- Keep the Power Adaptor cord away from heated surfaces and out of the way, where it cannot be stepped on or tripped over.
- ⚠ **WARNING: DO NOT** run the Power Adaptor cord under carpeting and/or cover with throw rugs, runners or the like.
- Make sure the power source conforms to the electrical requirements of the appliance as specified on the rating label of the product.
- Always place on firm, flat, level surface; where it's not easily knocked over. e.g. on a table, chest, cabinet, etc.
- ⚠ **WARNING: DO NOT** place the appliance directly next to a heating vent, under direct sunlight, high temperature areas, near computers or sensitive electronic equipment.
- ⚠ **WARNING: NEVER** use in an environment where explosive or toxic gases are present.
- ⚠ **WARNING: DO NOT** use any attachments not provided with the unit.
- ⚠ **WARNING: NEVER** use the appliance after a malfunction, after it has been dropped or damaged in any other way.
- Keep out of reach of children. Close supervision is necessary when this appliance is used by or near children, elderly or disabled persons.
- Use only in a well-ventilated area. Maintain a minimum distance of 10 inches from a wall or corner to insure proper air flow and air intake.
- ⚠ **WARNING: DO NOT** place or store where it can fall or be pulled into a tub or sink.
- ⚠ **WARNING: DO NOT** hang or mount on a wall or ceiling.
- ⚠ **WARNING: NEVER** insert fingers or any object into any opening to avoid injuries.
- ⚠ **WARNING: DO NOT** block air intakes or exhaust openings.
- ⚠ **WARNING: NEVER** pull on the cord itself to unplug it from power outlet. **ALWAYS** unplug the Power Control Button by holding the adaptor itself.
- To unplug turn ON-OFF Switch to the "OFF" position, then remove the plug from the outlet. Ensure your hands are dry.
- ⚠ **WARNING: DO NOT** clean, adjust or move without first unplugging the unit.
- ⚠ **WARNING: DO NOT** attempt to repair or adjust the unit. Servicing must be performed by professional or qualified personnel.
- ⚠ **WARNING:** To Reduce The Risk Of Fire Or Electric Shock, Do Not Use This Air Purifier With Any Solid-State Speed Control Device.

No More Dirty Air

Thank you for choosing the Air Innovations® Compact Air Purifier with Permanent Filter and congratulations on taking this important step in improving the quality of air in your home or office.

The Permanent Filter helps remove smoke, dust, pollen and other airborne pollutants and allergens from your air, creating a cleaner environment.

How do I know it's working

Lingering odors-such as pet odors, cooking odors, smoke odors and other stale odors-will slowly disappear. In a day or so, your room will smell fresh and the air will feel lighter and cleaner.

Specifications

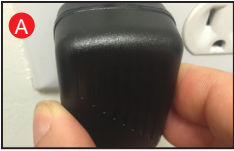

Product Model	Power Consumption	Rated Voltage	Dimensions	Weight
AI-300	4W	DC 12V	D6.89" x H8.66"	2.78 lbs

Parts & Contents

1. Power Control
2. Main Body
3. Power Connector
4. Permanent Filter
5. Base/Filter Cap
6. Power Adaptor

Operating Instructions

⚠ **WARNING: DO NOT** place any objects on top of the unit. Make sure Power Adaptor is connected to the unit.

- A. Plug into a standard electrical outlet.
- B. Press the Power Control Button once for **LOW**, twice for **HIGH**.
- C. To turn the unit **OFF** press the Power Control Button a third time.

Weekly Cleaning and Care

CAUTION: Before cleaning and/or removing the Permanent Filter, always make sure the unit is turned off and unplug the unit from the outlet.

⚠ **WARNING: DO NOT** use any solvents or aggressive cleaning agents.

⚠ **WARNING: NEVER** immerse the unit in water or allow water to drip inside.

Cleaning the Filter:

1. Twist off the Base/Filter Cap on the bottom of the unit.
2. Remove the filter.
Clean the filter using a brush or crevice attachment with a vacuum cleaner. Run the attachment along outside of the filter, cleaning between the crevices as much as possible. The filter may appear stained; this is normal and does not affect performance. ⚠ **WARNING: DO NOT** run the unit with a broken filter. Replace the filter if it has a tear or hole in it. To order a replacement filter, call our toll free number 1- 844-600-1370.
3. To re-insert the filter simply place the filter back inside the unit and twist the Base/Filter cap until it snaps shut.

Cleaning External Surfaces:

Gently wipe exterior surfaces with a soft damp cloth and mild detergent solution. ⚠ **WARNING: DO NOT** pour water over the unit. **ALWAYS** dry all parts completely before next use.

Storage

- a. Follow all cleaning instructions prior to storage.
- b. Preferably store in its original box, in a dry place away from high temperatures.
- c. Follow all cleaning instructions after long periods of storage.

Troubleshooting

PROBLEM: The Power Light is OFF

POSSIBLE CAUSES

- a. Unit is not plugged in
- b. No power at outlet

POSSIBLE SOLUTIONS

- a. Plug in Power Adaptor
- b. Check house circuits, fuses; try a different outlet

PROBLEM: Reduced Air Flow or Poor Filtering

POSSIBLE CAUSES

- a. The inlet or outlet grill may be blocked
- b. The filter may be clogged

POSSIBLE SOLUTIONS

- a. Check to ensure nothing is blocking air inlet & air outlet
- b. Check & clean filter if necessary
