THIS UNIT COMES WITH A 1-YEAR WARRANTY SUBJECT TO THE FOLLOWING CONDITIONS:

In the first year, all repairs will be performed free of charge or the unit will be replaced. This warranty is not transferable, it is valid only for the original purchaser. This warranty will be voided if the unit is subjected to unauthorized repair or impact damage. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. If you have any questions please call toll free: 844-600-1370

Thank you for purchasing the Air Innovations® Compact Plug-In Air Cleaner with Nightlight & USB Ports. This product comes with a 1-YEAR WARRANTY from the date of purchase as your satisfaction is our primary concern.

HOW IT WORKS

The Air Innovations® Compact Plug-In Air Cleaner with Nightlight & USB Ports uses state of the art ionic technology to safely clean and freshen the air. This Air Cleaner produces static electricity (negative ions) that attach to airborne pollutants and allergens like dust, pet dander, smoke, pollen and more. These now negatively charged particles are attracted to the positively charged Permanent Stainless Steel Filter like a magnet helping to pull them out of the air. At the same time it generates safe levels of ozone (less than 0.04 parts per million) which helps to neutralize and eliminate odors, not mask them, leaving your air smelling outdoor fresh. This action is very similar to the way nature uses thunderstorms to clean and deodorize the air outside.

PARTS

1. Built-In Outlet
2. LED Nightlight
3. ON/OFF Switch for LED Nightlight
4. (2) USB Ports
5. Air Outlet
6. Permanent Stainless Steel Filter

SPECIFICATIONS

Model	Rated Voltage	Consumption Power	Ion Output
AI-210	120V~60Hz	1.5W	≥1x104/cm ³
Active Oxygen Output	Dimensions	Weight	
≤0.04 ppm	L2.82 x W3.40 x H8.12	0.65lbs.	

HOW TO OPERATE

1. To turn the unit ON simply plug into any outlet. You will immediately smell the fresh clean scent of the Plug-In Air Cleaner.
2. To use the optional LED Nightlight turn the switch on the left side of the unit to either ON or OFF.
3. Built-in USB Ports allow you to charge two devices simultaneously.
4. Convenient Built-In Outlet allows you to plug in any small appliance.

⚠ WARNING: the Built-In Outlet is designed for low amperage appliances. Appliance **MUST NOT EXCEED 5 AMPS.**

TO ENSURE YOUR APPLIANCE IS BELOW 5 AMPS, FOLLOW THE STEPS BELOW:

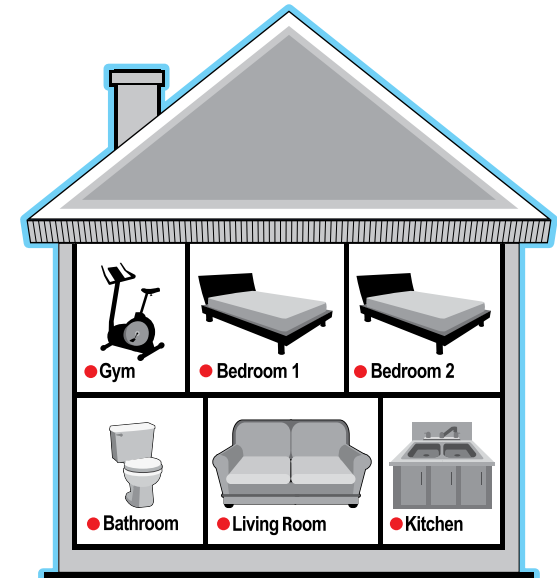

1. Locate the wattage and voltage of the appliance.
2. Divided the wattage by the voltage (**Amps=Watts/Volts**)
3. **⚠ WARNING:** If the appliance is higher than 5 Amps, **DO NOT** use with the Plug Bypass.

PLUG ONE IN EVERY ROOM OF YOUR HOME OR OFFICE!

This is designed to clean the air and help neutralize odors in any average size room. For larger rooms two or more units are suggested.

Great for:

- Kitchens
- Bathrooms
- Bedrooms
- Family Rooms
- Offices
- Pantries
- Living Rooms
- Gyms
- Basements

SAFETY INSTRUCTIONS

- **⚠ WARNING:DO NOT** use wet hands to plug or unplug the Air Cleaner from power socket.
- **⚠ WARNING:DO NOT** wet or soak the Air Cleaner.
- **⚠ WARNING:DO NOT** insert metallic items into the Air Cleaner.
- **⚠ WARNING:** To avoid electric shock and damage to internal components, **DO NOT** disassemble the Air Cleaner.

CLEANING

1. Unplug the Air Innovations® Compact Plug-In Air Cleaner from the electrical outlet.

2. Pull out the Permanent Stainless Steel Filter from the bottom of the unit, as shown.

3. Wipe the Filter with a damp soft clean cloth. An all purpose cleaner or a mild detergent may be used. The Permanent Stainless Steel Filter can also be placed on the top rack of the dishwasher.

4. Once the Filter is clean and COMPLETELY DRY, insert Filter into the bottom of the unit and plug into the electrical outlet.
