## YOU WILL NEED:

Philips Screwdriver

## ASSEMBLY INSTRUCTIONS:

Position A

Position B

Position C

Position D

Position E

### STEP 1

Determine the position you would like to attach your Pole Holder to your cart.

Multi-use Pole Holder fits All-Terrain, Disc Golf Cart and Backpack Cart frames.

## ASSEMBLY INSTRUCTIONS CONTINUED:

### STEP 2

Follow the clip placement for your desired Pole Holder position. See Below.

**ATTENTION!** Remove the cupholder before attaching to the left or right frame positions.

#### FOR POSITION A,B,D,E:

Follow the direction shown on the left. Remove screws from Pole holder and attach **Square Clips** to the Poleholder as shown. Make sure the clips face away from each other.

#### FOR POSITION C:

Follow the direction shown on the left. Remove screws from Pole holder and attach **Round Clips** to the Poleholder as shown. Make sure the clips face away from each other.

### STEP 3

Snap the Multi-use Pole Holder to Position A, B, C, D or E and you are ready to go!

**BONUS:** Use the included velcro strap to secure your item to the Pole Holder for a smoother ride.
