MO-6800S(D)/DD

The sewing machine is a direct drive type in which a control box and an operation panel are integrated with the machine head. The MO-6800D/DD series are eliminated oil stains on the sewing product with "dry" technology. The machine achieves a practical maximum sewing speed of 7,000 sti/min.

Automatic thread trimmer with a material sensor

The MO-6800S(D)/DD Series of sewing machine is provided as standard with the side cutter with 2-point material sensor (DD22) and the tape cutter with a 3-point material sensor (DD23). Under the full-automatic mode, the material sensor detects the presence / absence of the material to prevent the operator from erroneously operate the side cutter or the tape cutter. In addition to the full-automatic mode, the manual mode and the semi-automatic mode can be selected

Operator fatigue reduction (LED light) Standard equipment with all series

For the LED light, the improved toning function with two additional colors (white / light bulb color) is provided. Illuminance of the LED light is adjustable in five levels. This LED light helps reduce the operator's eye fatigue who is engaged in sewing work for a long time.

Operation panel and control box are integrated with the machine head

The energy-saving and highly efficient servomotor is installed in the directdrive style. The sewing machine quick lystarts up and stops with increased accuracy, thereby demonstrating improved responsiveness.

USB port

The USB port is standard on the control panel and You can easily upgrade the software. The MO-6800S (D) / DD22, 23 has another one USB port for charging a smartphone, etc.

USB Port

JUKI ECO PRODUCTS

The MO-6800S(D)/DD Series is an eco-friendly product which complies with JUKI ECO PRODUCTS standards for protecting the environment.

which is stricter than other restrictions, such as those of the RoHS Directive. For details of JUKI ECO PRODUCTS, refer to: https://www.juki.co.jp/en/company/eco

• The sewing machine complies with the "Juki Group Green Procurement Guidelines" on the use of hazardous substances.
