installation video.

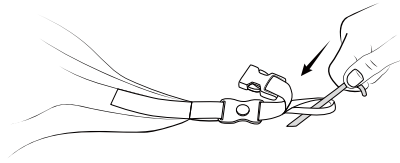

SETUP INSTRUCTION

1

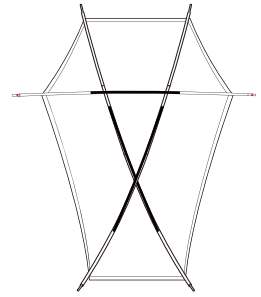

Spread out the tent body, assemble 3 poles, and insert them into pole sleeves.

2

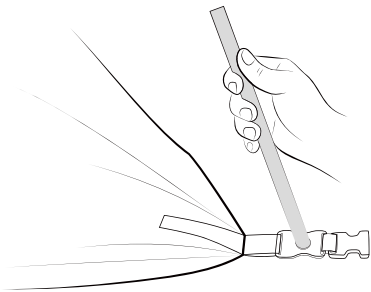

Stake out the six corners.

3

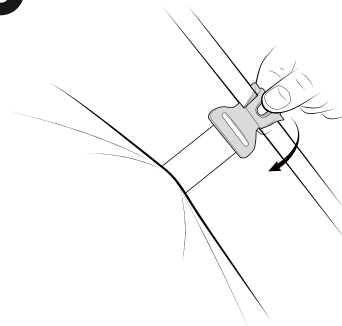

Make sure 2 poles with a silver mark should be in an X orientation. Attach the poles to the webs diagonally across the tent body.

4

Insert the pole tips into the grommet of one of the corner webbing straps. Repeat this process for each of the six corners.

5

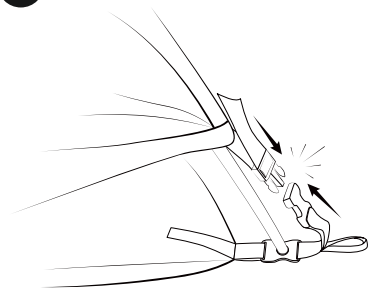

Clip the tent body to the poles.

6

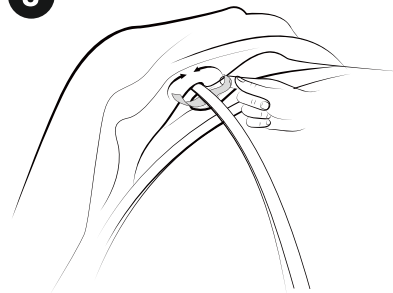

The inner tent is all set. Then place the rainfly over the tent.

7

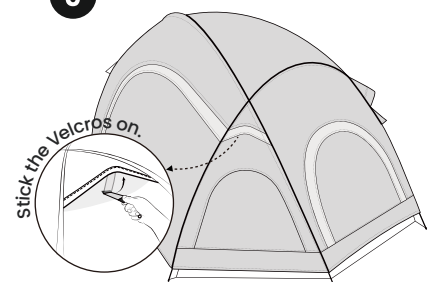

Secure the fly to the tent by connecting the corresponding buckles.

8

Reach under the fly and wrap the Velcro tabs around the poles.

9

Your Pawsible tent is ready!
