

Mission Mountain *UltraPort* 2-Person Camping Tent Pro

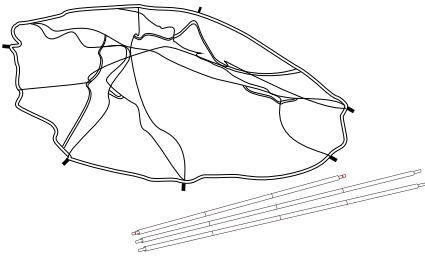

Product Manual

Scan code for
installation video.

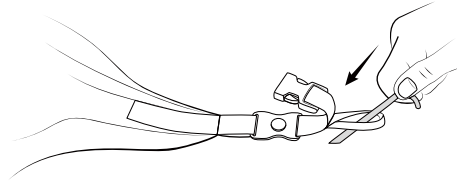

SETUP INSTRUCTION

1

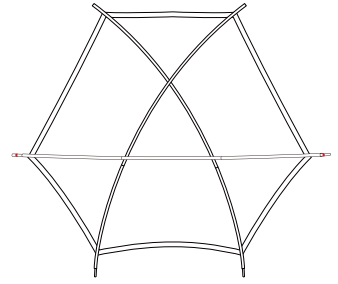

Spread out the tent body, assemble 3 poles, and insert them into pole sleeves.

2

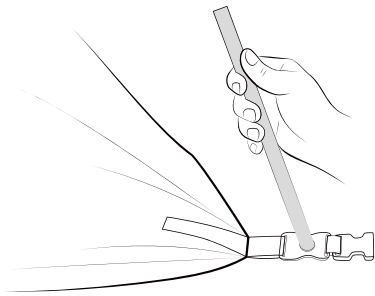

Stake out the six corners.

3

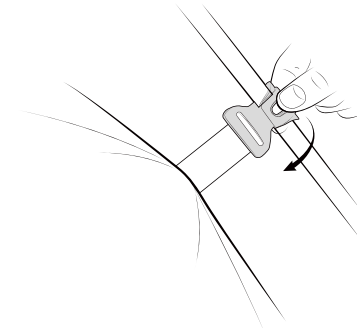

Attach 3 poles to the webs with 2 poles in an X orientation diagonally across the tent body.

4

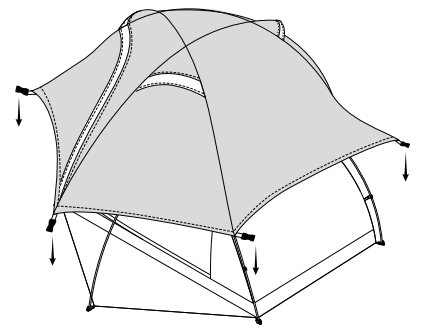

Insert the pole tips into the grommet of one of the corner webbing straps. Repeat this process for each of the other five corners.

5

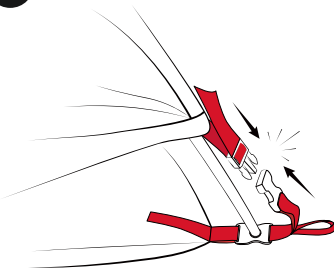

Clip the tent body to the poles.

6

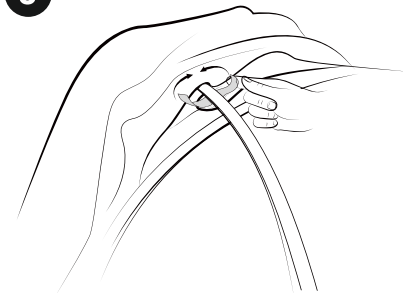

The inner tent is all set. Then place the rainfly over the tent.

7

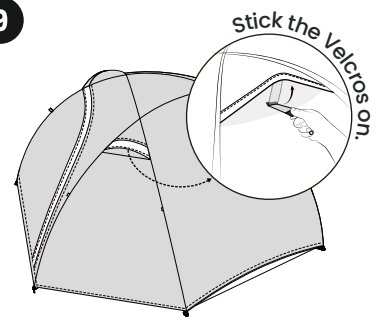

Secure the fly to the tent by connecting the corresponding buckles (NOTE: RED TO RED).

8

Reach under the fly and wrap the Velcro tabs around the poles.

9

Your tent is ready!
