Operation Manual

4. Register

1): When the installation is completed, start to register your personal account.

- ▲ Register code: ID number or register code, not IMEI number
- ▲ Account: Your monitoring phone number
- ▲ User Alias: baby's name
- ▲ Password: set a password in six numbers (do not forget)
- ▲ Select APP language: Choose your location(HK, Europe and Africa, Asia and Oceania, North America and South America)

Operation Manual

5. Log in

After registration, try to log in.

- ▲ Input your account and password
- ▲ Select APP language: Choose your location(HK, Europe and Africa, Asia and Oceania, North America and South America)

Operation Manual

6. Setting

1): Log in and find the setting, click the phone book or contacts and save the numbers you need. The same goes for the other functions.

- ▲ Set a SOS number(Mum/ Dad / Brother?)
- ▲ Only those numbers saved in phone book or contacts have the privilege to call the watch, suggest adding baby's friends too.
- ▲ You should save the numbers in App, then the watch can call out these numbers.
- ▲ Remember to click the save button.

Operation Manual

7. Calling

A: To call the phone with watch. 1) Use your finger slide the screen left or right, find the surface of Phone book and click, it will show the numbers you saved before in APP(can set 10 numbers), click the number you need to call out. 2) Keep pressing the Button 1 for few seconds as the picture show below. It will call the three SOS number one by one if the first one or the next one didn't answer and will not end until the second round. 3) Press the Button 1 to cancel the call.
B: To call with the phone. Just dial the number you save in APP, when the watch receives a calling, press the Button 2 to answer, press the Button 1 to cancel.

Operation Manual

8. Location

1): Turn on the watch and make sure that it got signal.
2): Open the map on APP, click the location then it will shows your baby's real-time position.

Notes: If the watch is indoors, it usually position yourself via LBS or WIFI, and the deviation is inevitable, which depends on the distance between the watch and Base Station and the environment as well. If you're in outside, it switch to GPS automatically, the range of deviation will also narrowed, but will still become unstable while the watch moved, which is normal, you can't regard it as quality issues, won't be listed in After-sale service.

Operation Manual

9. Flashlight

Open the watch settings, find the flashlight, click the flashlight pattern to turn on or off.

10. Taking photos remotely

Find the setting menu in the mobile APP, click "take photos remotely" to control remote photographing, update every 30s. Click photos to enlarge, can rotate 90 degrees, check the time photo taken.
