Melez Lifestyle Tea

Melez Tea was founded by tea sommelier Liliana L. Aslanoba with the concept of shining a new light on tea through a collection of artisanal blends that have been handcrafted for contemporary lifestyles. Served and sold in over 300 premium locations around the world. Melez Tea was inspired by the mesmerizing city of Istanbul, a blend of east and west, past and present. "Melez" means "mestizo" or "mixed" in Turkish, and that is the brand's essence: mixing cultures, pure and natural ingredients and high quality whole leaf teas from around the world to provide a unique tea experience.

Hotels & Restaurants

We pride ourselves in our customized service for both hotels and restaurants. We work with the top hotels in the world and have an all-encompassing model, from your in-room amenities to your mocktails and cocktails and unique spa offerings, we work in collaboration with your team to create unique tea programs.

Melez B2B Solutions

We specialize in providing custom tea solutions for corporate or social events, product launches, brand activations, product collaborations and more.

We are committed to understanding the story you want to tell and crafting a personalized solution that will leave a lasting impression.

Mission & Vision

Our mission is to redefine premium tea, to bring to light the art of tea blending, the beauty of tea rituals around the world, the culture and people behind our fine ingredients and ultimately promote happiness and wellbeing through our unique blends. While fulfilling our mission, there are three pillars we base all of our actions on:

People

We emphasize craftsmanship in our products, from blending to the tea bags and packaging, there is an important human touch involved. Over 90% of our tea are women and mostly from our local community in Istanbul. We get to know our suppliers and their working conditions, our teas are certified by Fair Trade programs.

Earth

We want to minimize our footprint on this Earth. Sustainability is at the core of what we do and we continuously challenge ourselves to improve in this area. Our packaging is always reusable, recyclable or biodegradable. We have minimized the use of plastic to the bare necessity within our business. Both our muslin and pyramid tea bags are made from natural ingredients, 100% free of microplastics and are 100% biodegradable.

Quality

The quality of our products is non-negotiable, we will always source quality over price as this is crucial to our customers' health, wellbeing and experience. We independently test all of our ingredients and packaging to ensure that they do not contain pesticides, herbicides or harmful additives. All of our products are blended and packaged in our ISO 22000 approved production facility located in Seyrantepe. You and your customers' can rest assured with our focus and passion for quality.

MELEZ UNIVERSE COLLECTION

We live in a world where walls are continuously erected, where differences are condemned and where hatred is propagated. But we still believe in the goodness of humanity, in celebrating our differences and tearing down the walls that separate us. This is the essence of melez. Meaning mestizo or from mixed races, melez was inspired by Istanbul, a melting pot of cultures and credos.

This collection is a reminder that every culture has something unique and beautiful to be celebrated; it is a hymn to the world's wide array of exquisite colors, traditions and stories. The designs were created in collaboration with Istanbul based LAR design studio.

Xocolatl 75gr Tea Caddy

Xocolatl is an ode to Central America and our Mayan ancestors with warming cocoa kernels, earthy and sweet rooibos, a smooth black tea, and a touch of coconut. Add milk and honey for an intensely rich experience.

Topkapi 75gr Tea Caddy

An ode to the allure and glamour of the Ottoman era. Stroll through the palace gardens, fragrant with damask rose and peach while overlooking the glistening waters of the Bosphorus. A sweet and delicious rose black tea with apple and peach notes.

Goa 75gr Tea Caddy

An ode to Goa, the India of dreamers, bohemians, runaways and adventurers. A place where time drifts by slowly and your senses savor every sip of life: the mélange of colors, the invigorating spice aromas and the endless miles of white sand beaches. A sweet blend of black tea with mango, pineapple, and Indian spices.

Maroc 75gr Tea Caddy

Wander through the crowded bazaars and revel in the explosion of colors and aromas. Escape the chaos, relax under the shade of the palm trees and breathe in the refreshing mint fragrance that fills the air. This tea aims to capture the magic of Marrakech, a traditional green tea with refreshing spearmint and bergamot notes and a touch of damask rose.

Tahiti 75gr Tea Caddy

Embark on a voyage through the South Pacific, a tropical eden bursting with the sumptuous fragrance of tiaré blossoms. With tangy hibiscus, lemongrass, sweet pineapple and citrus notes, our tea pays homage to the joy and lightheartedness of the Polynesian island. A carefree tea to be enjoyed in happy moments.

Summer 75gr Tea Caddy

Inspired by the Latin America of myths and memories. An ode to the place where the sun always shines and dancing never stops. A refreshing tea bursting with colors and flavors, sweet strawberries, tangy rosa de jamaica and pineapple.

Hammam 75gr Tea Caddy

This is our ode to Şerbet, served since the Ottoman times and enjoyed by many, from peasants to palaces. The ingredients change with every season and household but ours is reminiscent of a palatial şerbet with a blend of rose, hibiscus and lingering notes of vanilla, cinnamon and mandarin.

Winter 75gr Tea Caddy

An ode to the warmth and joy of Scandinavia. Imagine yourself on a snowy winter day, turn on your favorite jazz album, curl up on your couch with a cozy winter blanket and enjoy a delicious cup of warm tea.
