TECHNICAL SPECIFICATIONS

Working Frequency: 11.6 kHz
 Metal Detection: Audio and / or vibration alert
 Sensitivity: 4 levels (manual adjustment)
 Coil Interference Blocking: Yes
 Dimensions: 9.4" x 1.9" x 1.9" (24 x 4.8 x 4.8 cm)
 including the hard-shell digger case
 Detection Tip: 3.7" (9.3 cm)
 Weight: 8.3 oz (235 gr) including the battery & hard-shell case
 Working Temperature: -4°F / +122°F (-20°C / +50°C)
 Battery: 9V Alkaline Battery
 Battery Life: Up to 30 Hours

PACKAGE CONTENTS

-  Carrying Pouch
-  Hard-Shell Case
-  Hard-Shell Case with Scraping Blade
-  Finds Bag
-  Belt Holster
-  9V Alkaline Battery

MAKRO POINTER

Pinpointing to the Extreme!

Professional Waterproof Design

WATERPROOF (IP 67)

Makro Pointer can be used on land or underwater. Designed to meet the IP67 waterproof standard.

360° DETECTION TIP

Reach your target faster: Makro Pointer helps you locate your target quickly and easily in the hole. Flip it horizontally and you can easily scan a larger area.

SENSITIVITY CONTROL

Achieve the maximum performance in any environment. Simply adjust the sensitivity with the +/- buttons for the ultimate performance.

LED FLASHLIGHT

Makro Pointer's powerful, built-in, LED flashlight illuminates the spot you are searching. Easily see your target at night or when hunting in dark places.

AUDIO ALERT

3 different target alert options:

1. Audio Only
2. Vibration Only
3. Both Audio and Vibration

VIBRATION

COIL INTERFERENCE BLOCKING

When it is off, the coil's magnetic transmission is disconnected. This eliminates the possibility of interference from other metal detectors. This also prevents the Makro Pointer from being detected as a target.

REPLACEABLE HARD-SHELL CASE

Makro Pointer comes with two hard-shell cases. The first is a standard hard-shell protection tip. The second is a hard-shell protection tip with a built-in scraping blade. Both prevent wear of the detection tip.
