

BRACELET SIZE GUIDE

Before measuring your fit with the ruler, ensure this guide is printed on US Letter size paper (8.5 x 11") and scaled to 100%. To verify the accuracy of your printout, place a credit card beneath the line above. The scale is accurate if the credit card and line length align.

DETERMINE YOUR WRIST SIZE

1. Gently cut along the printable bracelet sizer's outline and make a tiny incision on the left end's dotted line.
2. Wrap the sizer around your wrist beneath the wrist bone, ensuring the numbers are visible on the outside.
3. Feed the sizer's pointed end through the slit and adjust it for a snug yet comfortable fit on your wrist.
4. Locate your measurement on the sizer, and consult the chart below to find your bracelet size. If your measurement falls between two sizes, opt for the larger one.
