

# Upright exercise bike SH-B6500U

Enjoy the comfort and strength of riding

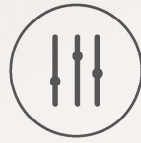

7KG flywheel

Electromagnetic control

24 levels Resistance adjustment

150KG Max Load-bearing

# 7KG electromagnetic control flywheel

The 7KG electromagnetic control flywheel makes the riding experience smoother and avoids frustration, and is more stable during high-speed movement

# 24-levels electromagnetic control resistance system

With 24 levels of electromagnetic control resistance adjustment to meet the needs of exercises of different intensities, the electromagnetic control resistance control is precise and delicate, and the adjustment response is rapid, making the riding smoother and more comfortable

small 1-8 level

medium 9-16 level

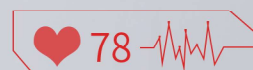

max 17-24 level

# Multifunctional and convenient console

7-inch LCD display, MP3 interface, USB charging interface, 2.0 high-fidelity audio and fan, providing visual data display and more convenient control

heart rate monitoring

resistance adjustment

7-inch LCD display

USB charging interface

MP3 interface

Fan

2.0 high-fidelity audio

## Room temperature induction

If the X5-U is not used for 4 minutes, it will enter the screen-off state and display Room temperature

## Adjustable Cushion

The seat can be adjusted in four directions up, down, up, down, to meet the exercise needs of people of different heights

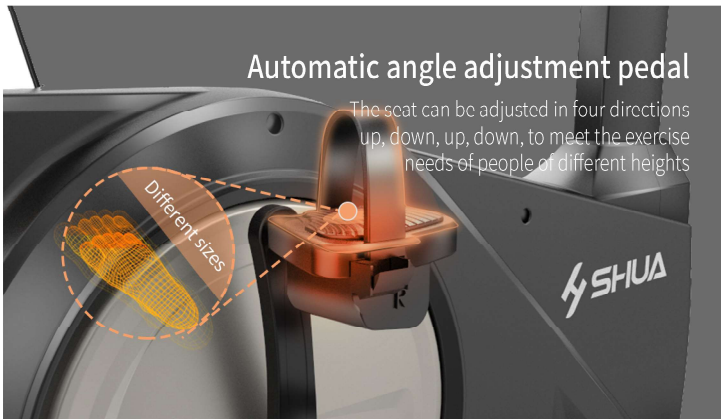

## PU foam one-piece cushion

Soft and comfortable, not afraid of long-term riding

## Automatic angle adjustment pedal

The seat can be adjusted in four directions up, down, up, down, to meet the exercise needs of people of different heights

## Easy to move

The front section of the fuselage is equipped with a carrying wheel, which is convenient for adjusting and moving the machine when needed

## leveling adjustment pad

The rear of the fuselage has a two-position leveling pad, which can overcome uneven ground to keep the product stable and make riding more stable

# SH-B6500U

Upright exercise bike

## SPECIFICATION

Console	7-inch LCD
Flywheel	7KG electromagnetic control flywheel
Heart Rate	Handle pulse rate
Resistance level	24-level resistance adjustment
MP3 interface, USB charging	YES
Applicable height	1.5-2.1m
Max user's weight	150kg
N.W	50kg
G.W	59kg
Demension	1130*625*1475mm
