Z-DEIGN STABLE STRUCTURE

DETAIL

COMFORTABLE, SAFE AND DURABLE RUNNING DECK

Enjoy running on the ultra-wide treadmill deck(580*1570mm), MDF 25mm thick commercial running deck. V6 treadmill has great shock absorption. The 2.2mm anti-skid running belt with diamond pattern guarantees a safe running experience.

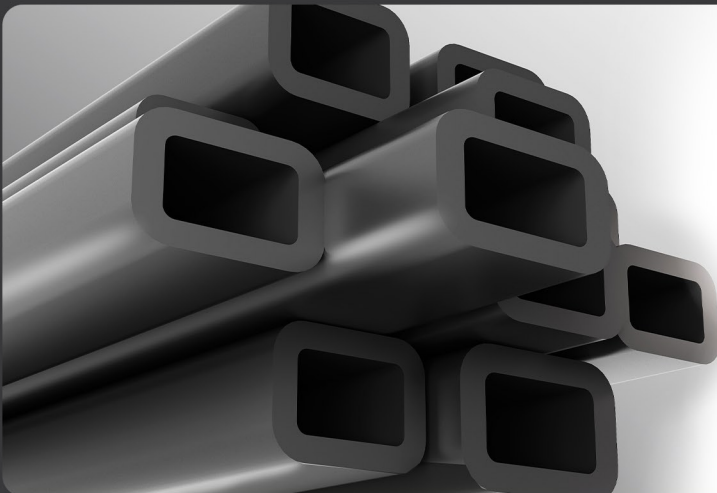

POWERFUL MOTOR (F LEVEL)

F-level motor offers continuous power. Compared to other motors, it saves more energy and reduces more carbon emission.

HIGH QUALITY DESIGN

The V6 commercial treadmill adopts a combination of T2.5mm thick oval column tube and T2.0mm thick rectangular bottom frame tube, and the maximum load-bearing capacity can reach 180kg

PRODUCT PARAMETERS
