

One Week Ultimate Werewolf FAQ - Updated November 13, 2019

There is a misprint in the first printing of One Week Ultimate Werewolf which resulted in there being one less Tanner role token than there should be (there should be two). Contact us at parts@beziergames.com if you have a copy of One Week that is missing that token. This only affects the Study room; you can still use the Study without that Tanner token: just shuffle between one Villager and one Werewolf token (instead of a Villager, Werewolf, and Tanner).
