Nominating players for elimination: The Preface is the only session where you may not nominate a player twice in one day. After that, it can happen, but it requires different nominating players (both first and second nominations) in order to nominate a player who has already been nominated, and was not eliminated. So the number of times a player can be nominated each day is essentially determined by the number of players in the game (possible nominations = (number of players - 1) ÷ 2).

Page 19: 1692-10f is not die-cut: you'll need to use scissors to remove this sticker and add it to section 10 on page 27.

Page 21: Write "1697 section 1: replace XXX Sorceress with Villager" in both CH2-W and CH2-X.

Page 50: Cross out the parenthetical statement at the end of 1702-8.

Page 76: There are only 3 Dire Wolf cards in the game. If playing with 14 or 15 players, substitute a Brown Lone Wolf card for the missing 4th Dire Wolf card, but treat it like it a Dire Wolf.
