# TEMPTUCII

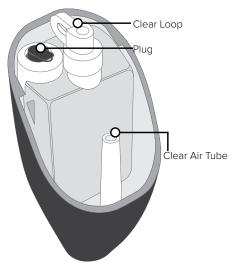

## Quick Start Guide

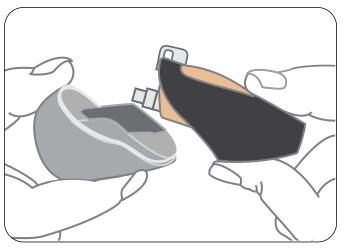

THE AIRBRUSH MAKEUP INNOVATION.

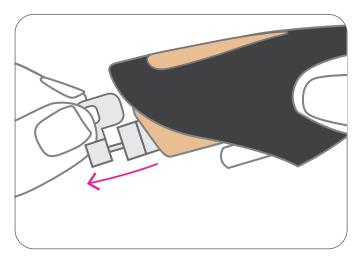

The Power of a Pro in the Palm of Your Hand.

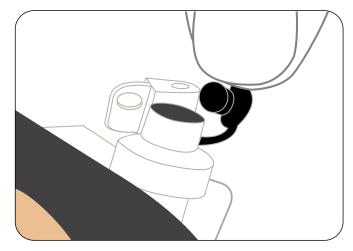

Shake well before each use. Remove tamper seal and pull off chrome cap.

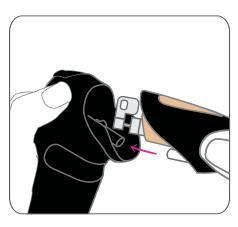

Firmly pull back on the clear loop to prime Airpod.

Gently open the black plug before attaching Airpod to the TEMPTU Air.

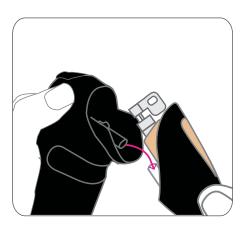

## Attaching airpod™

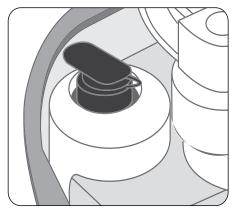

Press down on the release button and slide the Airpod, window side up, into the TEMPTU Air until it clicks into place.

## **Detaching** airpod™

Press down on the release button and pull downward on the Airpod to remove it from the Air.

Be sure to close the black plug on the Airpod when not in use.

### Power Up

Charge before first use. Hold down on the power button for two seconds to turn the TEMPTU Air on and off. Tap lighty on the button to switch speeds.

Speed 1: Light Air

Detail work (e.g. spot correction)

Speed 2: Medium Air
Foundation, blush and bronzer

Speed 3: Full Air
Highlighter and larger areas
(décolletage, arms)

All 3 lights will start blinking when the Air needs to be charged, which takes 1-2 hours to complete.

### SoftTouch Control

The SoftTouch Control regulates the amount of makeup released from the Airpod.

For makeup to spray, use pointer finger to hold down the SoftTouch Control.

Practice on your hand to get a feel for the application.

Less is More.

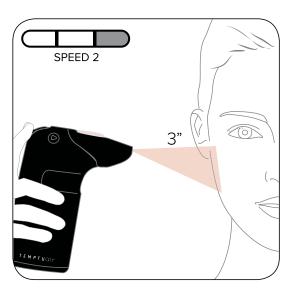

Always press down lightly when applying to the face.

Only press down all the way on the SoftTouch Control

#### Mastering a Flawless Finish

- 1. Hold the TEMPTU Air about four fingers from the face.
- 2. Always keep the Air moving in small, circular motions for a seamless, even finish.
- 3. Use a light touch with the SoftTouch Control when applying makeup to the face. TEMPTU makeup is weightless and buildable—a little goes a long way.
- 4. Stop and look between passes until reaching the desired level of coverage.
  - 1-2 passes for sheer coverage
  - 2-3 passes for medium coverage
  - 3-4 passes for full coverage

PRO TIPS TO AVOID A WET, HEAVY OR UNEVEN FINISH:

- · Do not hold Air too close to skin
- · Do not move in a back-and-forth motion
- · Do not press too hard on the SoftTouch Control

#### **CHARGING**

Charge the TEMPTU Air before first use, which should take between 1-2 hours to complete. Always close the cover to the USB Charging Port after charging is complete. Keep the USB Charging Port free of any water or other material. The indicator will flash repeatedly when the device is low on battery and while it is charging. It is safe to use the TEMPTU Air while it is charging. Keep the charging cord away from small children.

#### **MAINTENANCE AND SAFETY**

Do not use abrasive cleansers or chemicals to clean the TEMPTU Air. The TEMPTU Air can be wiped down with a damp cloth or paper towel and standard glass cleaner. Do not put any part of the TEMPTU Air in water or in a dishwasher. Never attempt to open any part of the TEMPTU Air. Never put liquid cleansers inside the USB Charging Port or any other part of the TEMPTU Air.

Read all instructions before use. When using electrical products, especially when children are present, basic safety precautions should always be followed, including but not limited to the following:

**DANGER** – To reduce the risk of electrocution: Do not use the TEMPTU Air while bathing. Do not place or store the Air where it can fall or be pulled into a tub or sink full of water. Do not place or drop the air into water or another liquid. Do not reach for the Air that has fallen into water. If plugged in, unplug immediately. Keep the Air and the charging cord away from heated surfaces.

**WARNING** – To reduce the risk of burns, electrocution, fire or injury to persons: close supervision is necessary when the Air is used by, on or near children or people with disabilities. Use the TEMPTU Air only for intended use as described in this User Guide. Do not use attachments not recommended by the manufacturer. Never operate the Air if it is damaged, if it has a damaged charging cord or plug, if it is not working properly, if it has been dropped, or dropped into water. Call TEMPTU at 1-888-983-6788 so we can arrange for examination and replacement if needed. Do not use where oxygen is being administered. Air is believed to be safe for use with many common pacemakers. If you have any questions about usage with a pacemaker, consult with your physician or manufacturer of the pacemaker prior to use.

AIRPOD WARNING: FOR EXTERNAL USE ONLY. AVOID SPRAYING IN EYES AND DISCONTINUE USE IF IRRITATION OCCURS.

CAUTION: DO NOT TOUCH POINTED PIN INSIDE AIRPOD TIP AREA. KEEP AWAY FROM SMALL CHILDREN.
