# Light */Form*

**November 24 — January 2024**

Light/Form brings together methods of art making and design production through artist-produced objects and surfaces. This group exhibition features Studio Sixty Six artists' artworks and objects that consider the relationship between form and function and result in beautifully designed, one-of-a-kind art objects.

Multi-use ceramics, bespoke lighting, wallpaper, and sculptural shelves surround paintings and drawings that consider light, positive and negative space, and form in this unique design-based art exhibition.
