

Propane Forced Air | 40,000 up to 375,000 BTU

Use the easy to operate propane forced air portable heater in your workshop, farm, warehouse, garage or construction site where you have proper ventilation. Simply connect to an appropriately sized propane cylinder and plug-in to the nearest electrical outlet.

MH-0375-LM10

Frame

- Heavy-duty steel construction with steel base

Components

- High performance fan
- Automatic shut-off if power is interrupted or flame is extinguished
- Enclosed gas controls
- Electronic ignition
- One-touch ignition and heat control for easy operation

Important Notes

- Not for use in residential living areas or inadequately ventilated areas
- Proper ventilation required during operation
- Must be plugged into an approved standard electrical outlet for operation
