2. Power cord management
3. Knockdown-ready
4. Industrial-grade levelers

**NORTH AMERICAN SOLID WOOD**

**POWER + DATA INTEGRATION**

**CASTERS + LEVELERS**

CUSTOMIZATIONS

This collection is shown in 7 beautiful species and can be customized to our full range of 21 North American Hardwoods.

Integrated power, data and cord management customizations are available to suit the needs of modern spaces.

Industrial-strength casters & levelers tackle any challenging install surfaces and are built to withstand the rigors of hardworking environments.

**SOLID WOOD. ENDLESS POSSIBILITIES.**

Vermont Farm Table collaborates with architects, contractors and designers to create custom tables for any environment.

With best-in-class rendering capabilities and 6 week production lead times, we have the technology and know-how to bring your design visions to life.

Built with love and care in Vermont.

**MEET OUR DREAM TEAM!**

Our sales and design teams are here to answer your questions, provide material samples and offer custom quoting for your contract projects. We can't wait to work with you!
