

FTF Light Commercial Limited Warranty: 5 Years

1. The finish will not wear through in light commercial conditions with proper maintenance.
2. Flooring will be free from manufacturing defects the duration of the warranty (original purchaser only). Manufacturing defects are improper milling, laminating, or assembly.

This limited warranty is made subject to the following conditions:

- The flooring must be used only indoors in offices and public areas that do not have direct outside access and have light commercial traffic.
- The installation was done in compliance with the written instructions.
- No warranty coverage is provided for flooring that contains obvious defects of any kind that were installed nonetheless.
- The surface wear must not have occurred as a result of incorrect maintenance or accidents such as damage caused by scratching, impact, or cutting. It must be readily visible and be 10% or more of the floor. Gloss reduction is not considered wear through.
- Wood is a natural product; variations in its grain pattern, color, and or texture are normal and are not considered defects and no warranty shall apply to those. For wood flooring that has a thermally treated hard wood layer, significant color variations will occur from board to board and should be expected. The warranty will not apply to the natural color changes which occur in wood over time due to UV light exposure. Area rugs should be moved periodically to minimize the effects of UV light on hardwood floors.

Preventative Maintenance

- To ensure full enjoyment from your floor and to extend its beauty for years to come, the following list of guidelines should be followed.
- Install floor protectors on furniture legs to protect against scratches and dents. These furniture pads should have no wrinkles and be made of soft, non-staining material (i.e. felt pads)
- Do not drag or roll furniture or other heavy objects across the floor. Rollers from refrigerators, TV's, stereos, etc will dent the floor. To prevent the denting first lay 1/2" plywood on the floor and roll the appliance or heavy furniture on the plywood.
- Avoid high heels or shoes with protruding nails. Some types of high heel shoes can severely damage the surface of any floor covering.
- Sweep and vacuum floor regularly.
- Avoid sand and grit build up. Use protective mats or rugs at doorways and areas of heavy wear.
- Never use latex or rubber backed mats or rugs; they will permanently stain the floor
- Place protective mats under chairs with wheels
- Use only recommended cleaning products from your dealer
- Never wet mop your floor. Never wax or use oil-based products on your floor.
