

EXCEED Incline Bench Press

Description

Take your upper chest and upper body workouts to the next level with our Exceed Incline Bench Press Machine featuring fully Adjustable Grips. Designed with adjustable safety heights and adjustable grips allow for a comfortable and secure grip, while the plate loaded design allows for customizable resistance levels. The Exceed Incline Bench Press' sturdy construction ensures stability and safety during your workouts. Upgrade your home gym or commercial fitness facility with this versatile and effective machine. The added plate storage pegs makes storage efficient and easy while the ability to add band pegs takes your workouts up a notch.

At Bench Fitness, we strive to exceed expectations, and our Exceed Plate loaded machines exemplify this philosophy. You can customize the complete range of machines with an extensive range of colors and even add your own branding for a personalized touch. Additionally, all Exceed plate loaded machines are compatible with our REVOLVE band pegs, which can help you take your workouts to the next level.
