

EXCEED Lat Pull Down

Description

Take your upper back workouts to the next level with our Exceed Pull Down. The swivel handles provide a comfortable grip, while plate loading allows athletes of all levels to push their limits. Built Strong, the Exceed Pull Down comes with fully height adjustable seat and thigh supports to ensure athletes of all shapes and sizes can comfortably exceed their expectations. Build your back, shoulders, and arms with ease and see results in no time with the Exceed Pull Down.

At Bench Fitness, we strive to exceed expectations, and our Exceed Plate loaded machines exemplify this philosophy. You can customize the complete range of machines with an extensive range of colors and even add your own branding for a personalized touch. Additionally, all Exceed plate loaded machines are compatible with our REVOLVE band pegs, which can help you take your workouts to the next level.
