

Description

Build a stronger and defined back with our Exceed Multi Row. Featuring adjustable seat height and seat angle, and swivel handles, the Exceed Multi Row is suitable for athletes of all shapes and sizes. The plate loaded design allows for customizable resistance levels, making it perfect for all fitness levels. The sturdy and durable construction ensures you can push your limits in a safe manner. Our Exceed Multi Row is designed with feedback from professional bodybuilders to ensure the angle adjustments of the lever arms can be adjusted to hit all of the angles required to build that unbreakable back.

At Bench Fitness, we strive to exceed expectations, and our Exceed Plate loaded machines exemplify this philosophy. You can customize the complete range of machines with an extensive range of colors and even add your own branding for a personalized touch. Additionally, all Exceed plate loaded machines are compatible with our REVOLVE band pegs, which can help you take your workouts to the next level.
