

REVOLVE Flat Bench 2.0

Description

The Bench Fitness Revolve Flat Bench is the what all other flat benches aspire to be. Constructed from the strongest steel and highest quality materials, the Revolve Flat Bench is perfectly suited to heavy duty workouts. The Revolve Flat Bench comes with roller wheels making movement easy and convenient as well as rubberized feet to protect gym flooring from potential damage. For added convenience the Revolve Flat Bench can also be stored upright to assist with space saving.

Our Revolve range offers you a full range of custom colours and logos available upon enquiry. Built Strong as only Bench Fitness can, the Bench Fitness Revolve Flat Bench will take whatever you can throw at it.
