

Description

A rig is a critical piece of equipment for any functional fitness, CrossFit Box or strength and conditioning gym, simply due to its immense variety of uses. The Bench Fitness Revolve Wall Rig sets a new standard for Rigs. Built using the strongest, most durable materials, the Revolve Wall Rig offers a huge amount of adjustability and flexibility.

The Revolve Wall Rig uprights allow you to adjust the J-Hooks over a wide range of heights. The Bench Fitness J-Hooks are coated in high density plastic to protect your barbell and plastic to inside of J-Hook to protect your rig from paint damage.

The Revolve Wall Rig is fully compatible with the ever growing range of Bench Fitness Rack Accessories. Our Revolve range offers you a full range of colours options and custom branding solutions available upon enquiry. Rig must be bolted to the floor and wall.
