where did last year go?

Don't ask us, we slept through most of it. Hey, we need our beauty sleep! Okay, not really. Number one, we're incredibly good-looking and super modest and number two, we're vampires AND zombies AND space aliens and therefore require no sleep. Which is good, right? Because you all kept us SO BUSY last year we couldn't have slept anyway, and we love you for it.

Anyhoo, welcome to our 2017 catalog: *The Adult Issue*. Sounds sketchy, doesn't it? No worries, my friend! Aside from a few products with, ahem, *adult words*, we're still a warm and fuzzy all-ages kind of company. We just feel that 2017 is Whiskey River Soap's year to grow bigger and better ... and grow up!

Hey! Look mom, we're adults now!

free rustic barnwood display when you fill it with soap (on your first order. a \$4,000,000 value.')

*All values assessed by our in-house assessor app created for and by assessors in, but not limited to, assessors in the United States and Puerto Rico, Guam, Pluto (when it is formally re-recognized as a planet), the bar BAR in the movie Gone Girl, any accessory store located within two point five miles of a fusion food truck, and parts of coastal faux-hobo communities except Venice Beach and that one right below LAX where all the white people hide.
