## ABOUT THIS CD.

A wonderful record of the graduating year from the University of Toronto. Every entry for the graduating class includes a photographic portrait and the details of the subject's academic life. There are also separate reports and listings, with photographs, of the Sports Teams, Clubs, Associations and Fraternities for the year. In addition to the President's address each College's dean has provided an address together with a photographic portrait. The book also contains many photographs of the campus. We estimate the graduating class consists of over 1300 individuals, plus the various group and team pictures include under-graduates and professors.

In our CD reproduction we have taken care to ensure the photographs are well reproduced and that the text is fully searchable. We have also enhanced the search with our FastFind technology.

A must have for anyone researching a relative who graduated from Toronto in this year.
