

pH Greens - is a juiced blend of 11 vegetable and herb powders, for optimal absorption of its nutrients.

pH Greens provides a broad range of alkaline proteins, essential vitamins, fatty acids, antioxidants, enzymes and chlorophyll to help maintain health for everyone including children, athletes and seniors.

pH Greens is packed with Chlorophyll, the green pigment in plants required for photosynthesis to convert solar rays into chemical energy. Foods rich in chlorophyll supports normal healthy blood and oxygen transport in the body. Chlorophyll has many physiological benefits that include healthy immune function, intestinal regularity, fat metabolism, detoxification and bowel deodorization.

Chlorophyll is built around a porphyrin ring structure, as with hemoglobin, the substance in human and animal blood which carries oxygen from the lungs to tissues and cells of the body. Chloroplast structures within the cells of plants and green algae (spirulina), is the site of photosynthesis, the process by which sunlight energy is converted to chemical energy, resulting in the production of oxygen and energy-rich organic compounds (ATP). Chlorophyll supports normal synthesis of red blood cells in the bone marrow.

pH Greens contains vegetables and herbs that naturally contain iron, copper, calcium, and vitamins A, C, K, B-12, B-6, Folate.

pH Greens

- Naturally good tasting, easily stirs in water, juice or smoothies.
- Supports normal healthy alkaline pH
- Supports normal healthy blood and immune immune function
- Supports normal healthy whole-body oxygen
- Juiced for easy digestion and absorption
- A natural multi vitamin
- Packaged in Miron Violet Glass for maximum protection

Ingredients: Kale, Celery, Cabbage, Asparagus, Carrot, Spinach, Parsley, Cilantro, Spirulina, Barley Grass and Spearmint

No flavors, preservatives, yeast, dairy, egg, gluten, corn, soy, wheat.
