59. GRAY								🔥 6		
60. BLACK								🔥 24		

This chart indicates no. of drops to color 1 cup of Meringue Frosting, Buttercream, Fondant or Royal Icing. For 1 cup of whipped cream just multiply the no. of drops x 1.25, because it requires 25% more quantity. The color may vary slightly depending the application base.

"NOTE: To apply same size drops and to be added faster, its recommended to stick the tip of the bottle to the frosting when exerting the pressure."

ENCO Food Coloring Gel (1.41oz) yields approximately 320 drops
