

SERENITY NOW AND UNITY COLLECTIONS

Serenity Now and Unity Collections offer beautiful details with unique patterns. The value of these wilton woven products can not be overstated. Some lighting, such as natural sunlight, may create hue variations usually only detected in close observation. Color variance is a natural characteristic in wool and normal if seen in these two collections.

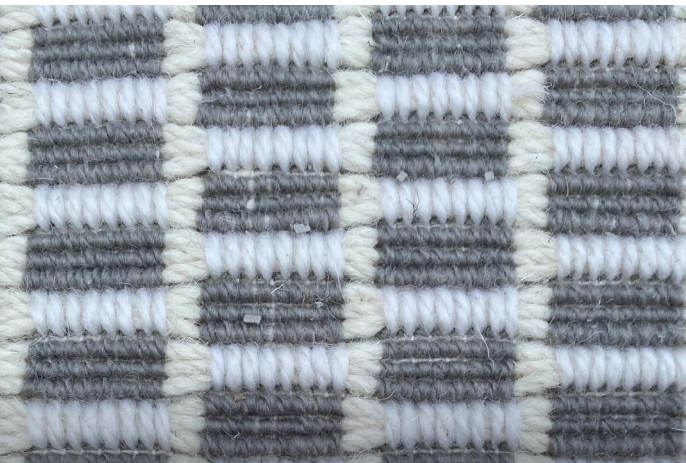

Serenity Now and Unity are not suitable or recommended for broadloom installation when seaming is needed. We hope you join us in celebrating the fine workmanship of our Serenity Now and Unity Collections.

Understanding and communicating the characteristics of Serenity Now and Unity will enhance the satisfaction and value to your customer.

Claims will not be honored regarding the color variance in Serenity Now and Unity.
