

## JUTE BRAID BORDERS

Standard border width shows a minimum of 2 ½" on the face of the rug and can only be applied to Kochi, Zira, and Bombay Collections. Square corner is standard. Available on 2 or 4 sides. Please note, rugs bordered on only 2 sides may vary from the original rug size slightly. This is to ensure a finished rug edge on the sides without a border. Depending on the application selected, your rug may be up to 1" thick. This should be taken into consideration for doorways and foot traffic.

## JUTE BRAID BORDER ON 2 SIDES

## JUTE BRAID BORDER ON 4 SIDES
