

## BIRCH PEPPER COLLECTION- MINA

Mina is an exciting addition to our natural fiber collection. This designer sisal has an eye-catching pattern and creates a luxurious statement rug.

**Please note:** The design is diagonal, which causes the pattern to shift along the edges as seen in the photos. This is not a design or manufacturing flaw, but is the nature of the pattern and is a normal visual effect.

Understanding and communicating the characteristics of the Mina pattern will enhance the satisfaction and value to your customer.

Claims will not be honored regarding the diagonal design of the Mina pattern.
