

Motorized Fixed Height Partially-Collapsible Utility Cart

The M-FHPC-2640-MIL is a battery powered large fixed-height, fully-collapsible utility cart, optimizing top-shelf space and portable deployment for field service or sensitive equipment setup.

This fully integrated system allows users to effortlessly move the heaviest of payloads with ease across campuses and rough terrain to save time and reduce physical strain. The handle throttle assembly powers forward and reverse movement of the two rear wheels, for up to 15 hours or 40 miles of full throttle use.

Motorized Fixed Height Partially-Collapsible Utility Cart, 26x40, Mil-Spec

SKU: **M-FHPC-2640-MIL** UPC: **810132672323**

Motorized Fixed Height Partially-Collapsible Utility Cart, 26x52, Mil-Spec

SKU: **M-FHPC-2652-MIL** UPC: **810132672330**

KEY FEATURES

- Forward and Reverse Throttle Easily Moves Payloads Up to 1200 lbs
- Power Distribution Plate With In-Line Charging
- Rechargeable Battery
- Weather-Resistant Connectors and Tires
- Tool-Free Design Packs Down for Ease of Transportation
- Keyboard Friendly Hinged Top Shelf with Large Working Surface
- Integrated Accessory Mounting Systems and Threaded Rail Plates

SPECIFICATIONS

Physical

- Material Construction: 5052 and 6061 T6 aluminum
- Finishing: Federal Standard Powder Coat and Type III Anodize
- Mil-Spec Steel Hardware
- Flat Proof Foam Filled Tires
- Wheels With 100% Sealed Bearings

Frame

- Corner Mold Lock-System for Accessories
- Integrated 3/8"-16 and 1/4"-20 Threaded Mounting Holes
- Internal Main-Frame System for Workstation Stability
- Hemmed Top and Bottom Shelf Construction for Strength and Durability
