# SketchUpPro for Education

EDU licenses are distributed through our official SketchUp Pro partner channel.
To request a license in the US, contact Creation Engine at creationengine.com or sketchup@creationengine.com

Non-expired EDU Licenses can be upgraded to the newest version for free. EDU licenses cannot be used for commercial (for-profit) work of any kind. Questions? Contact us at education@sketchup.com

## Student Licenses

- A Student License costs MSRP US $49.
- You must be a current student at an accredited educational institution to purchase.
- Student Licenses are valid for one year from the date of purchase, and include maintenance and support.
- The same Student License can be installed on both your desktop and laptop computers.

## Educator Licenses

- You must be an educator at an accredited educational institution.
- You must also provide a current faculty ID, course syllabus, or other similar document.
- Educator Licenses are free SketchUp Pro licenses that expire.
- Educator Licenses expire one year from the date of generation, and include maintenance and support.
- The same Educator License can be installed on both your desktop and laptop computers.
- Educators may not share their licenses with students.

## Networked Lab Licenses

Networked Lab License Pricing:
- License terms of one, two or three years are available, and version updates and upgrades are free.
- One-year licenses: US $15 per seat (MSRP)
- Two-year licenses: US $25 per seat (MSRP)
- Three-year licenses: US $30 per seat (MSRP)
- Networked Lab Licenses are intended for installation on computers in a networked lab situation, and are floating network licenses.
- Networked Lab Licenses are only available to accredited educational institutions and not-for-profit organizations with instructional facilities for use in instructional settings.
- Networked Lab Licenses expire 1, 2, or 3 years from the date your license was generated, and include maintenance and support.
- Facilities/Planning departments within educational institutions do not qualify.

## Institutional Laptop Program Licenses

Licensing for Image-Installed Laptop Networks
- A single license is issued for use on all laptops on the network.
- An image-installed Laptop License starts at MSRP US $39 per seat and is discounted based on quantity.
- Laptop Licenses expire one year from the date of generation, and include maintenance and support.
- All laptops are configured from an operating system and software "master image" built by your IT department, your laptop vendor, etc.
- Users don't install software titles individually; everything is pre-installed on the laptops when they are given to students and faculty.

Licensing for non-image-installed laptops
- Multiple licenses are issued for use on individual laptops on the network.
- A non-image-installed batch Laptop License costs  MSRP US $39 per seat.
- Laptop Licenses expire one year from the date of generation, and include maintenance and support.
- Laptops are administered individually, either by users or by IT specialists in your facility.
- Laptops are not distributed with all software pre-installed; software is installed on a per-computer basis.

# SketchUpPro Visiting Professionals Program

## Overview

The SketchUp Pro Visiting Professionals Program is an exciting opportunity for students and faculty to learn how pros in a variety of disciplines are using SketchUp Pro and LayOut in their professional practices. Our program speakers include everyone from designers to educators to published authors.

Find out how experienced pros manage schedules and expectations, what gets clients excited about their work, and how they incorporate fast and flexible tools like SketchUp Pro into their complex workflows. After all—there are no single-software practitioners. Getting work done means choosing the right tools and making them all work together.

Apply to have a SketchUp Visiting Professional come to your US-based university. We have a limited number of visits available at no cost for the coming school year.
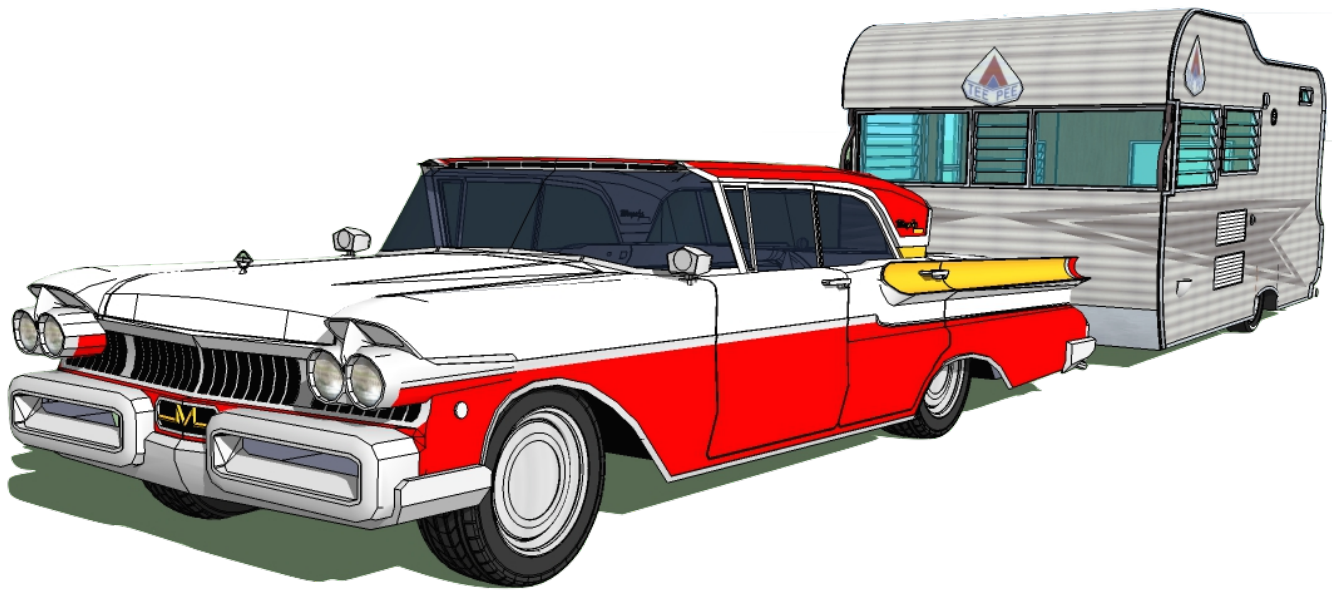

## A visit to your school might include

- Tech Talk/Demo
- Workshops
- Crits & Pinups
- Tips & Tricks Hour

## Getting started

- Fill out the application form at http://www.sketchup.com/programs/visiting-professionals
