

PICKING TOTE: AP60

Product Overview

Suitable for a range of industries and is conveyer belt friendly. Perfect for picking, packing and transporting goods with ease.

- Commercial Grade - using highest grade resin making it durable and sturdy for all environments.
- Innovation - Solid base with grids and vents that minimise noise level on conveyer belts.
- Ergonomic design - handle for ease of grip and quick movement.
- Lightweight - So you can transport more weight and pack more items
- Water proof
- Dividers allow for products to be separated and sorted within the one Tote.
- Compatible with A Plus SKATES, which allow you to easily move the Tote from one location to another.
