

VENTED CRATE: APVENTEDCRATE

Product Overview

Our 68 Litre Stackable Vented Crate is a lightweight solution for the packaging and transportation of seafood, perishable fruit, vegetables or meat as well as general material handling items.

Our vented crate is suitable for many varied applications within food, agriculture, engineering, manufacturing and warehousing industries.

- Manufactured from HDPE (High Density Polyethylene).
- Heavy duty base with strengthening ribs for extra durability and toughness.
- Additional vertical handles allow for safe and ergonomic food transportation.
- New rib design reduces crayfish claw breakage.
- They are stackable and food grade.
- Well suited for keeping you fruit and vegetables well ventilated and dry.
- Recyclable & Re-usable.
