

WOMEN'S BEST™

ENJOY THE DIFFERENCE

For our headquarters in Innsbruck, Austria and our subsidiary in Munich, Germany – we are currently looking for a

PHP DEVELOPER (F/M)

Full-time (40h/ week) or part-time (20-30h/ week)

We build teams of people who think out-of-the-box, who love their work, who are committed to the brand to 200% and want to change the world with us. Our common goal: Develop the most innovative and high-quality sports nutrition and sports fashion products for women. Passion, independence and contribution of own ideas comes for us first.

YOUR TASKS:

- Continuous development of the existing online shop as well as internal applications and REST APIs
- Implementation of software tests and code reviews as well as compiling documentation
- Troubleshoot, test, and maintain the core product software and databases to ensure optimization and functionality
- Active participation in the conception and implementation of new and further developments
- Responsible for agile development processes
- Providing optimized web application solutions

YOUR PROFILE:

- Completed technical education in the field of computer science
- At least 3 years of web development experience
- Experience with PHP frameworks/stacks like Symfony, Laravel, as well as in the development of REST APIs
- Knowledge of OOP programming and MVC
- Knowledge in handling versioning tools (GIT), experience in handling nodeJS / npm and PHP composer
- Preferably knowledge of JS frameworks such as ExtJS, React or Vue
- Experience with HTML5, CSS3, Javascript, PHP and SQL
- Knowledge of common responsive technologies and their implementation
- Preferably knowledge of eCommerce systems such as Shopify and Shopware
- Preferably experience with payment service providers
- Analytical thinking and problem-solving skills
- Solution-oriented thinking and strong ability to work in a team
- Highly interested in web design and development trends
- Very good English and German skills

GROSS SALARY:

The minimum annual gross salary for this position starts at €44.240.-. The willingness to overpayment is given, depending on your qualifications and work experience.
