LANDSCAPING

MULTI-PROCESS

CEMENT & CONCRETE

APPLICATIONS

Jointing, floating, troweling, and finishing

Mixing, transporting and handling concrete

Block manufacturing

USER NEEDS

Concrete workers expect hand protection to withstand the highly abrasive properties of concrete by protecting against cuts, scrapes, and punctures while providing durability and grip.

3362R

Black PVC glove. Rough finish. Interlock lining. 12" gauntlet cuff. Chemical resistant.

3237

SuperDex knit.

Double dipped nitrile coating for great dry and oily grip. Embossed palm to deviate oil and liquids from palm. Protection from oil to knit wrist.

Comfortable fit.

35-6375

KorPlex knit

Double dipped nitrile coating for great dry and oily grip. Protection from oil to knit wrist. Excellent fit to protection properties.

CE 3 / ANSI A2 cut resistance.

3702A

High performance double dipped PVC Glove Rough finish for exceptional grip in wet conditions Interlock liner Extremely pliable

SUPERDEX

A2 KORPLEX

MASONRY

APPLICATIONS

Fabricating, altering, and maintaining masonry structures

Molding, laying blocks or bricks and mixing cement

Cutting or breaking bricks and concrete

USER NEEDS

Mason workers require hand protection from abrasion, cuts, scrapes, and **punctures** as well as providing extreme dexterity and grip.

35-7650

Premium crinkle latex palm for superior durability. Double-dip thumb crotch. High cut resistance and grip.

F A7 KORPLEX

CE F / ANSI A7 cut resistance.

3385A

Cotton/polyester seamless knit shell. Crinkle latex palm for increased wet and dry grip. All purpose, comfortable, and versitile work glove. Excellent wear resistance and flexibility.

35-1550

5 A4 KORPLEX KorPlex knit Crinkle latex palm for industrial applications. Cool and comfortable fit CE 5 / ANSI A4 cut resistance

51-290

OXXA Knit.

Superior nitrile palm coating. Maximum grip and abrasion resistance. Cool and comfortable fit.

ROOFING

APPLICATIONS

Asphalt shingles & metal roofing

Hand & power tool operation

Stripping & installation

USER NEEDS

Users require lightweight, durable gloves that protect against **sharp** objects, rough materials or glass while providing dexterity and comfort.

3385A

Cotton/polyester seamless knit shell. Crinkle latex palm for increased wet and dry grip. All purpose, comfortable, and versitile work glove. Excellent wear resistance and flexibility.

3378BK

SuperDex knit Latex palm formulated to provide maximum grip. Durable and flexible. Cool and comfortable.

SUPERDEX

1510B

B-grade cowhide grain leather. Keystone thumb. Gunn cut. Shirred back. Excellent abrasion resistance.

35-7465

KorPlex knit

Premium breathable foam nitrile palm coating. High cut resistance & reinforced thumb crotch. Touch screen capable.

CE 5 / ANSI A4 cut resistance.

CARPENTRY

APPLICATIONS

Hand & power tool operation

Framing, footing, trimming & cutting

Installing structures & fixtures

USER NEEDS

From cutting wood, to framing, and installing structures or fixtures, users require protection against debris, cuts, abrasions, punctures, and hand fatigue while maintaining dexterity and absolute grip.

51-290

OXXA Knit.

Superior nitrile palm coating.

Maximum grip and abrasion resistance.

Cool and comfortable fit.

1510B

B-grade cowhide grain leather. Keystone thumb.

Gunn cut.

Shirred back.

Excellent abrasion resistance.

35-7465

KorPlex knit.

Premium breathable foam nitrile palm coating. High cut resistance & reinforced thumb crotch.

5 A4 KORPLEX

Touch screen capable.

CE 5 / ANSI A4 cut resistance.

2127HY

Neoprene stretch back.

X20 Armor Skin™ synthetic leather double stitch palm. Touch screen index finger and thumb.

Reinforced finger quards.

Neoprene wrist with velcro closure.

GLAZIER

APPLICATIONS

Cutting, grinding, and drilling glass

Applying adhesives, sealants and caulks

Manufacturing, installing, removing, transporting, and recycling sharp glass products

USER NEEDS

Glaziers require extreme grip as well as protection against cuts and lacerations from sharp edges and glass. In some cases light contact heat resistance may be required.

35-7650

KorPlex knit

Premium crinkle latex palm for superior durability. Double-dip thumb crotch. High cut resistance and grip.

CE F / ANSI A7 cut resistance.

35-7465

KorPlex knit

Premium breathable foam nitrile palm coating. High cut resistance & reinforced thumb crotch. Touch screen capable.

CE 5 / ANSI A4 cut resistance.

35-1550

KorPlex knit

Crinkle latex palm for industrial applications. Cool and comfortable fit

CE 5 / ANSI A4 cut resistance

1800

Double tanned, extra heavy duty leather. Kevlar® sewn for added strength. Side split cowhide palm.

Canvas back.

Knuckle strap and shirred back.

5 A4 KORPLEX

HVAC & SHEET METAL

APPLICATIONS

Assembling parts, changing blades and motors, and connecting wires and components

Cutting, drilling, and handling sheet metal

Installing, cleaning, and maintaining HVACR systems

USER NEEDS

HVAC & Sheet Metal works require lightweight, dexterous gloves for handling wiring and small parts while providing excellent resistance from cuts, punctures, and abrasion.

31-1365

A4 Kevlar Lightweight Kevlar® knit. Fantastic grip, dexterity and wear resistance. Touch screen capable. Exceptional micro foam nitrile palm coating.

35-7465

KorPlex knit Premium breathable foam nitrile palm coating. High cut resistance & reinforced thumb crotch. Touch screen capable.

CE 5 / ANSI A4 cut resistance.

CE D / ANSI A4 cut resistance.

35-7676

High visibility KorPlex knit. Sandy nitrile palm coating for great dry and oily grip. High cut and puncture resistance. Cool and comfortable fit. CE 5 / ANSI A6 cut resistance.

37-3565

Lightweight Dyneema® Diamond knit. Foam nitrile palm with reinforced nitrile thumb crotch. Touch screen capable. Radiates heat away from hands. CE 5 / ANSI A3 cut resistance.

PLUMBING & FITTING

APPLICATIONS

Installing and repairing plumbing systems

Servicing water supplies, waste disposals, and heating systems

Hauling supplies, cutting, and assembling materials

USER NEEDS

Plumbers expect hand protection that offers extreme dexterity, grip in wet conditions, and protection against sharp metal edges, and hand fatigue.

3237

SuperDex knit.

Double dipped nitrile coating for great dry and oily grip. Embossed palm to deviate oil and liquids from palm. Protection from oil and liquid to knit wrist. Comfortable fit.

SUPERDEX

Kevlar.

51-290

OXXA Knit.

Superior nitrile palm coating.

Maximum grip and abrasion resistance.

Cool and comfortable fit.

31-1365

Lightweight Kevlar® knit.

Fantastic grip, dexterity and wear resistance.
Touch screen capable.
Exceptional micro foam nitrile palm coating.

CE D / ANSI A4 cut resistance.

3401

Traditional brown jersey glove. 8 oz. soft cotton. Comfortable fit. Knit wrist.

ELECTRICIAN

APPLICATIONS

Construct and fabricate parts

Repair or replace wiring, equipment, and fixtures, using hand & power tools

Install and maintain factory machinery

USER NEEDS

Electrician safety requires protection against cuts, punctures, light contact heat, and abrasion, while providing exceptional tactility, grip, and fit.

31-1365

Lightweight Kevlar® knit. Fantastic grip, dexterity and wear resistance. Touch screen capable. Exceptional micro foam nitrile palm coating. CE D / ANSI A4 cut resistance.

A4 Kevlar

5 A3

3437

Ring spun Dyneema® Diamond knit. PU coated palm for excellent dexterity. High cut resistance. Maximum fit, feel and comfort. CE 5 / ANSI A3 cut resistance.

1510

Top A-grade cowhide grain leather. Keystone thumb. Gunn cut. Excellent abrasion resistance. Tough, double stitched leather hem.

CE 5 / ANSI A4 cut resistance.

1555WRK Kevlar Oil and water resistant goatskin driver. Extremely comfortable & durable. Kevlar® liner provides excellent cut protection. PPE Level 3 arc resistance. ATPV 36 CAL/CM²

WELDING

APPLICATIONS

MIG, TIG, & Stick welding

De-buring and grinding metal

Testing and inspecting welded surfaces and structures

USER NEEDS

Welders gloves protect against heat, burns, sparks, cuts, scratches, and arc while providing durability, abrasion resistance, and grip.

2100

Side split leather welding glove.

Treated with Heatshield to make leather fire resistant. Sewn with Kevlar®.

Padded flame resistant sock lining in palm and back. Welted in all stress areas.

1514BLT

Blue side split leather welding glove.

Treated with Heatshield to make leather fire resistant.

Sewn with Keylar®

Performance thumb with reinforced seams. Doubled palm & thumb crotch protection.

3507G

Pigskin leather welders glove Reinforced keystone thumb Seamless index finger 5" split gauntlet cuff Sewn with Keylar®

OUPONT:

∢DIIPNNT>

Kevlar

3503G

Grain cowhide leather palm TIG welding glove. Heavy duty split cowhide leather back. Straight thumb. 5" split leather gauntlet cuff.

IRONWORKING

APPLICATIONS

Fabricating, erecting, tying, fastening, cutting & grinding metal

Hand & power tools, machinery and operator equipment

Structural steel framework & industrial maintenance

USER NEEDS

Ironworkers require gloves that provide **grip** & **durability** while protecting from **sharp edges** & **burrs**, **light contact heat**, and other **cut hazards**.

35-7465

KorPlex knit

Premium breathable foam nitrile palm coating. High cut resistance & reinforced thumb crotch. Touch screen capable.

CE 5 / ANSI A4 cut resistance.

1510

Top A-grade cowhide grain leather. Keystone thumb. Gunn cut. Excellent abrasion resistance. Tough, double stitched leather hem.

1512

Shoulder split select cowhide leather. Keystone thumb. Excellent abrasion resistance. Bias tape hem.

3410G

28 oz. cotton hot mill glove White quilted palm and index 10 oz. jersey canvas back Knuckle strap Gauntlet cuff

BOILERMAKING

APPLICATIONS

Assemble boiler tanks by welding

Clean vats with scrapers, wire brushes, and cleaning solvents

Replace or repair broken parts using hand and power tools

USER NEEDS

Boilermaking requires protection against **heat**, **cuts**, **punctures**, and **skin irritation**.

1514BLT

Blue side split leather welding glove.

Treated with Heatshield to make leather fire resistant.

Sewn with Kevlar®

Performance thumb with reinforced seams. Doubled palm & thumb crotch protection.

1510

Top A-grade cowhide grain leather. Keystone thumb. Gunn cut. Excellent abrasion resistance. Tough, double stitched leather hem.

1800

Double tanned, extra heavy duty leather. Kevlar® sewn for added strength. Side split cowhide palm. Canvas back. Knuckle strap and shirred back.

*OUPONTE

340 Tradition 8 oz. sot

3401
Traditional brown jersey glove.
8 oz. soft cotton.
Comfortable fit.
Knit wrist.

Low heat applications only

INSULATION & DRYWALL

APPLICATIONS

Installing, hauling, and repairing drywall and insulation

Cutting, sanding & plastering

Hand & power tool operation

USER NEEDS

Users require protection against cuts, fiberglass, abrasion, and drywall materials & compounds while providing tremendous grip and dexterity.

35-7465

KorPlex knit

Premium breathable foam nitrile palm coating. High cut resistance & reinforced thumb crotch. Touch screen capable.

CE 5 / ANSI A4 cut resistance.

3437

Ring spun Dyneema® Diamond knit. PU coated palm for excellent dexterity. High cut resistance.

Maximum fit, feel and comfort. CE 5 / ANSI A3 cut resistance.

37-3435

Lightweight Dyneema® Diamond knit. White PU coated palm. Maximum fit. feel. and comfort.

Cool and comfortable fit.

CE 4 / ANSI A3 cut resistance.

5 A3

4 A3

Dyneema® Diamond knit. Extremely lightweight 18-gauge knit. PU coated palm for excellent dexterity. Maximum fit. feel and comfort. CE 3 / ANSI A2 cut resistance.

PAINTING

APPLICATIONS

Sanding & cleaning various surfaces

Application of paint and coating by hand or paint gun

Mixing & thinning

USER NEEDS

Painters require gloves that provide a protective barrier to chemicals in paints while maintaining exceptional grip and dexterity.

3276AK

Super grip disposable gloves.

Powder free nitrile glove with fish scale palm pattern.

Excellent grip in dry and oily environments.

Strong for improved life.

6 MIL and chemical resistant.

3276AO

Super grip disposable gloves.

Powder free nitrile glove with fish scale palm pattern. Excellent grip in dry and oily environments.

Strong for improved life.

6 MIL and chemical resistant.

3273

Industrial grade blue nitrile disposable gloves.

Textured for added grip.

4 MIL and powder free.

FFDCA and USDA compliant.

Standard length with rolled cuff.

3273BK

Industrial grade black nitrile disposable gloves.

Textured for added grip.

4 MIL and powder free.

FFDCA and USDA compliant.
Standard length with rolled cuff.

LANDSCAPING

APPLICATIONS

Soil preparation and grading

Hardscape construction and irrigation systems

Planting, tree care, and landscape maintenance

USER NEEDS

Durable, dexterous landscaping gloves protect hands from blisters, splinters, scratches, cuts, and punctures from tools, rough landscaping materials, and plants.

3385A

Cotton/polyester seamless knit shell. Crinkle latex palm for increased wet and dry grip. All purpose, comfortable, and versitile work glove. Excellent wear resistance and flexibility.

3237

SuperDex knit.

Double dipped nitrile coating for great dry and oily grip. Embossed palm to deviate oil and liquids from palm. Protection from oil and liquid to knit wrist. Comfortable fit.

SUPERDEX

SUPERDEX

3228

SuperDex knit.

Micro foam nitrile palm coating for great dry and oily grip. Great grip and abrasion resistance. Cool and comfortable fit.

51-290

OXXA Knit.

Superior nitrile palm coating. Maximum grip and abrasion resistance. Cool and comfortable fit.

APPLICATIONS

From the roadside to the jobsite and everywhere in between, workers in the construction industry encounter endless hazards in the work they perform. However, many sources of injury can be prevented by selecting the right personal protective equipment. Majestic is dedicated to intensifying your safety standards and protecting what matters most.

From cuts & lacerations, to falling objects, chemicals, sparks, and low visibility, our multiprocess section of PPE will equip you with protection from a variety of general hazards.

51-290

OXXA Knit.

Superior nitrile palm coating.

Maximum grip and abrasion resistance.

Cool and comfortable fit.

33-4406

High visibility knit.
PU coated palm for excellent dexterity.
Durable and flexible.
Long knit cuff for a more secure fit.
CE D / ANSI A4 cut resistance.

3270

SuperDex knit.
Gray nitrile palm coating.
Excellent wear resistance and tactility.
Puncture and abrasion resistance.
Machine washable.

2139BK

Armor Skin™ synthetic leather palm.

PVC reinforced double padded palm and fingertips.

Black strech knit back.

Neoprene knuckle.

SUPERDEX

APPLICATIONS

Many of our popular glove lines are also available in a lined, insulated version for cold weather use.

The purpose of our liners is to trap air between your hand and the outside cold, then reflecting back the body's radiant heat. This air acts as a thermal buffer, keeping the warmth inside the glove.

Choosing the best liner depends on the level of comfort and warmth you require, the outside temperature, fit & feel, activity level, and the style of glove.

3398DLO

15-gauge nylon shell.
Sandy latex palm over closed cell latex dip.
10-gauge brushed acrylic liner.
Waterproof winter/freezer glove.
Exceptional liquid resistance and grip.

3398DNY

15-gauge nylon shell.
Sandy nitrile palm over closed cell nitrile dip.
10-gauge brushed acrylic liner.
Waterproof winter/freezer glove.
Exceptional liquid resistance and grip.

3396HY

Heavyweight napped terry knit.
Foam latex palm coating for excellent grip.
Acrylic liner.
Also available in orange and black.
CE 2 / ANSI A2 cut resistance.

3228HYT

High visibility SuperDex Knit.

Foam nitrile palm coating.

Insulated brushed 10-gauge acrylic liner.

Ultimate dexterity and grip.

Cap-Style Hard Hat

4 and 6-point suspension cap style hard hats provide head and impact protection in the industrial workplace

87-1255

Full Brim Hard Hat

6-point suspension cap style hard hats provide head and impact protection in the industrial workplace

ANSI/ISEA 107-2015

Low visibility is a serious hazard for all workers who perform tasks near moving vehicles or equipment. High visibility apparel by Majestic boldly intensifies worker visibility and safety.

Performance Standards

Class 2 provides moderate protection with distance detection & identification, and moderate conspicuity performance. This reflective clothing is suggested for workers who are near heavy machinery or traffic between speeds of 25-50 mph.

Class 3 offers the highest level of conspicuity with greater visibility to the wearer in both complex backgrounds and through a full range of body movements. This reflective clothing is suggested for workers who are near heavy machinery or traffic in excess of 50 mph.

75-3201/75-3202

High visibility mesh safety vest.

Excellent for applications requiring added visibility. 2" reflective striping.

One inside chest pocket and two inside waist pockets. Meets ANSI/ISEA 107-2015 Class 2, Type R Standard.

75-3239/75-3240

High visibility mesh safety vest. Black bottom for areas that get the most soiled. Chainsaw reflective striping with DOT contrast. 7 pockets and radio mic tabs.

Meets ANSI/ISEA 107-2015 Class 2, Type R Standard.

75-3225/75-3226

High visibility mesh two-tone vest. D-ring pass through. DOT striping with 3M® reflective. 7 pockets, radio tabs, and reflective piping. Meets ANSI/ISEA 107-2015 Class 2, Type R Standard.

75-5305/75-5306

High visibility birdseye short sleeve T-shirt. Double waist 3M® stripes and vertical striping. Outstanding wicking ability.

Left chest pocket. Meets ANSI/ISEA 107-2015 Class 3, Type R Standard.

Make safety personal with product customization!
